Divine Plan Ready When Vessels Clean

4/10/07 (20-237)

Tue., Apr. 10, 2007, Year 20, Day 237
Manila, Philippines

First thing this morning the General Information Sheet for the Don Esteban Benitez Tallano & Don Gregorio Madrigal Acop Foundation was filed with the Securities Exchange Commission in Manila and that “should” put an end to Mr. Ekker’s efforts to control the Foundation. It “should” but probably will not because Mr. Ekker is desperate to hold on to the vast gold assets of the Foundation for himself.

We expect that “another” Don Esteban Benitez Tallano & Don Gregorio Madrigal Acop Foundation will also file a General Information Sheet and then try to justify its existence. The FACT is that the “other” Foundation could not have duly noticed anything because the Bylaws explicitly state: “The Secretary shall give all notices required...” and the Secretary, Erlinda R. Marcos, certainly never provided notices for any of the actions which may have been undertaken by the would-be usurper, Mr. Ekker.

In the process of handling the Annual Meeting we learned quite a few things, including:

1) Last year’s meeting was not held in accordance with the Bylaws, specifically with regard to Order of Business and requisite subject matter;

2) Special Meetings throughout the year were not handled properly, lacking signed waivers of notice;

3) Mr. Ekker cowed the Trustees into allowing him to use the title of “Chairman”, even though that position should belong to the President, Cenon Marcos;

4) Tom Taylor’s signed acceptance of election was defective because it was dated one day before he was even nominated;

5) Tom Taylor’s proxy to vote, in favor of and well used by EJ Ekker, was only for the day of the Annual Meeting, not for the entire year;

6) Tom Taylor’s position as Treasurer was to have been “temporary” and was to have been relinquished to Ronald Kirzinger upon his arrival in the Philippines;

7) Immediately after last year’s Annual Meeting, the Articles of Incorporation were mysteriously amended to increase the required number of Trustees from five to seven, even though no Trustees were added at the time or throughout the year. This looks like a trick EJ Ekker might have planned to use in order to add two Trustees of his choice at any time in order to “legally” take control of the Foundation.

All in all, “Chairman” EJ Ekker handled things in a very deceptive, opaque, implicit and presumptive manner, taking charge “as if” he was somehow the “boss” of the Foundation, whereas he was only entitled to a single vote like the other Trustees.

Does the end justify the means? WHAT “end”? Are we talking about implementation of the Divine Plan for the benefit of all mankind or are we talking about installing some megalomaniac as OWNER of it all and “king”? The Lords of the World apparently are opposed to the latter because there is no indication of any kind of success after eight years of trying.

FULFILLMENT OF THE DIVINE PLAN

Is it just “possible” that EJ Ekker’s efforts were damned because they did not serve the Divine Plan? Is it “possible” that the Divine Plan will succeed when it is recognized that “ownership” of the assets belongs to the PEOPLE?

The Tallano-Acop Foundation was formed to ADMINISTER the assets of the Filipino people, NOT TO OWN THEM.

Global Alliance Investment Association was also formed to ADMINISTER and NOT TO OWN the assets of the people of the World.

It is a PERVERSION of the Divine Plan for any man to assert OWNERSHIP of that which belongs to THE PEOPLE, generally. And yet, that is exactly what Mr. Ekker has done.

The unique Articles of Incorporation put in place by Commander Gyeorgos Ceres Hatonn for Global Alliance Investment Association ensured that if/as/when some man decided to take it all, he would be exposed. The one who would be “king” (Chairman, President) has NO VOTE except in the case of a tie among the voting Directors, and GCH saw to it that there would be no tie by leaving in place just ONE VOTING DIRECTOR. And yes, that “happens” to be “yours truly”. Go figure.

The solution to EJ Ekker’s problem with the foregoing? Just “terminate” the other Director! Unfortunately for him (and those who have aided and abetted him), the Public Notice on page 12 of this issue establishes a judicial presumption with regard to the criminal nature of his actions.

We have been told that God’s abundance would not be poured until the vessels are made clean. The “vessels” in this case are the Tallano-Acop Foundation and Global Alliance Investment Association and they will be made clean when they function as mandated by our Heavenly Father—for the benefit of all.

Does the Divine Plan entail bankrupting the Federal Reserve System? NO. That organization was bankrupt a long time ago while it continues to serve its primary purpose of debt enslavement. All that needs to be changed is its PURPOSE and DIRECTION but that will change quite naturally with the transition to value-based currency.

Does the Divine Plan mean enormous additional debts for the American taxpayers? NO! It actually works to eliminate unjust income taxes altogether.

Does the Divine Plan spell the destruction of the American economy? ABSOLUTELY NOT; it is the only way of preventing that from occurring!

With all that money flowing, doesn’t that lend to increased corruption? NO, AGAIN, because the monetary system can and should be 100% transparent, unlike it is today. The funds for political corruption today come from “money” which is simply “lost” somewhere between the World banking system and the various governments and levels thereof.

WE HAVE EVERYTHING WE NEED TO MAKE IT WORK. WE NEED ONLY PREPARE THE VESSELS FOR RECEIVING ABUNDANCE.

THE GLOBAL PROBLEM
THEIR ONLY SOLUTION: WAR

We need to view the Global Alliance situation in a much broader—indeed, a GLOBAL—perspective, so you can understand that this is not simply about some little conflict between Directors of just any company.

Global Alliance Investment Association has THE “one and only” solution to the problems confronting the World at this time. If the Divine Plan will not be implemented, there is, quite literally, hell to pay.

Iran has made the choice to sell its oil and Liquid Natural Gas in currencies other than the U.S. dollar. Russia has said it will sell its oil in rubles. Venezuela, China and many other countries are looking to handle balance of trade in other than U.S. dollars. THE U.S. DOLLAR IS UNHINGED AS THE WORLD’S RESERVE CURRENCY. THE GLOBAL ALLIANCE SOLUTION IS NEEDED RIGHT NOW.

To spell this out more clearly let’s look at the situation from another person’s perspective. In an April 9, 2007 article entitled, “Iran: the Threat of a Nuclear War”, General Leonid Ivashov wrote for GlobalResearch.ca (emphasis added):

... What is the real reason why the U.S. is unleashing this military conflict?

The activities having consequences of global proportions can only be intended to deal with a global problem. This problem itself is by no means something secret—it is the possibility of a crash of the global financial system based on the U.S. dollar. **Currently the mass of U.S. currency exceeds the total worth of U.S. assets by more than a factor of ten.** Everything in the U.S.—industry, buildings, high-tech, and so on—has been mortgaged more than ten times all over the world. A debt of such proportions will never be repaid—it can only be relieved.

The dollar amounts on the accounts of individuals, organizations, and state treasuries are a virtual reality. These records are not secured by products, valuables or anything that exists in reality.

Writing-off this U.S. indebtedness to the rest of the world would turn the majority of its population into deceived depositors. It would be the end of the well-established rule of the golden calf. The significance of the coming events is truly epic. **This is why the aggressor ignores the global catastrophic consequences of its offensive. The bankrupt ‘global bankers’ need a force major [force majeure] event of global proportions to get out of the situation.**

The solution is already in the plans. The U.S. has nothing to offer the rest of the world to save the declining dollar except for military operations like the ones in Yugoslavia, Afghanistan, and Iraq. But even these local conflicts only yield short-term effects. Something a lot greater is needed, and the need is urgent. **The moment is drawing closer when the financial crisis will make the world realize that all of the U.S. assets, all of its industrial, technological, and other potentials do not rightfully belong to the country.** Then, it must be confiscated to compensate the victims, and the rights of ownership of everything bought for dollars all over the world—everything drawn from the wealth of various nations—are to be revised. ...

Can the Divine Plan “save the day”? IT IS THE ONLY SOLUTION WHICH CAN TURN AROUND THIS UNBALANCED WORLD SITUATION. BUT IT WILL NOT BE ALLOWED IMPLEMENTATION IF IT IS OWNED BY SOME “MAN”.

STRIKING EAGLES AND DEFIANT MICE

Over thirty years ago, back in the early 1970s, there was a very memorable poster [see front page] depicting “The Last Great Act of Defiance”: a tiny mouse “flipping off” an eagle swooping in for the kill. That little poster made an indelible impression on me and many others.

EJ Ekker wears a ring depicting the same imagery—minus the mouse, of course. The “striking eagle” is, at the least, symbolic of the perfect predator, taking the life of less impressive creatures as God has endowed him with that ability. The symbol is used for several “Special Forces” groups and is also used to describe the F-15 fighter plane (not exactly a symbol of goodness in the World).

When most of us conjure up the image of an eagle in our mind’s eye, the picture is of an eagle majestically soaring in free flight. From a spiritual perspective, the eagle can symbolize the most magnificent aspect of the Bird Tribes and God, eagle-eyed, looking down upon His people.

If YOU were to wear a ring with an eagle on it, would the eagle be soaring or striking? Both are magnificent but the soaring eagle is a spiritual symbol of life while the striking eagle image is a celebration of the taking of life at the moment of the (presumably inescapable) kill.

So, is this “the last great act of defiance” of Ronald Kirzinger, getting in the face of EJ Ekker like some insolent mouse in the face of the striking eagle? Not really. The encounter is actually OVER and “I’m still standing.” Moreover, I’m in good company.

The real question: WHERE DO YOU STAND? Oh, I see, you just want to “wait and see” while someone else sorts it out and sets it up FOR you. Is this supposed to make you some sort of friend of the one who does? Don’t count on it. On the other hand, don’t sell your position short if you “only” provided your prayers—because those prayers are the real reason anyone would have continued.

Will there be “forgiveness” for those who have actually worked AGAINST goodness and delayed fruition of the Divine Plan? Sure, why not—AFTER RESTITUTION AND ATONEMENT.

IMMIGRATION PROBLEMS?

In the last issue it was pointed out that EJ Ekker was conspiring with Erick San Juan to trump up some supposed charge that Ronald Kirzinger accused him of something, which is supposedly some sort of a crime, and because of that, Ronald Kirzinger would be deported from the Philippines.

EJ Ekker wrote an email in which he said that he only had a limited amount of time to report the “crime” in order to remain “perfectly law abiding”. And so, he said, I should do myself a favor and just leave before “someone” would come and get me. Knowing the extent of Erick San Juan’s contacts with the establishment here and his former position on the National Security Council, this story was almost believable.

At this point I will insert some extracts from the daily Journal of Events I have been keeping to stay on top of the sequence of events as they unfold:

070330 6:37 PM

I just got a strange call from Erick San Juan. He said he had to meet me urgently, that he was trying to protect me, that he is just trying to be everybody's friend—and hinted that something would happen to me “by Sunday”, which could be attributed to “EJ's friends”.

I let him know that I do not feel he is

Is the Striking Eagle a Symbol of Life or of Death?

trustworthy, that I believe he has been conspiring with EJ and for that reason he is no friend of mine.

He really wanted to get together with me face-to-face, he said, because the telephone line of mine is tapped, “it keeps beeping”. Yes, it was beeping. At one point in the conversation I asked him if he was trying to say that people inside his government were setting something up for me and he said he could not answer that because the line is tapped.

When he could see I was reluctant to meet with him, he suggested I call him back. I informed him that my Globe [cell phone] load keeps getting unloaded and he said, “That’s not good,” and went on to tell me I would have to buy something (which I did not understand what it was). I’m not too worried about having my phone line tapped because everything I am doing is “above board”.

I told him I would text him back if I wanted to see him and that was the end of the conversation. What do I make of all this?

Number one, I’m uncomfortable anytime someone is trying to rush me into doing something. Number two, I have not done anything wrong. Number three, I do not think it is wise to meet with Erick when he has already demonstrated he can be treacherous. The whole thing about me supposedly “accusing” EJ of having poisoned Doris—that lie could only take root if HE was behind it. This has a bad “smell” to it.

I am not fearful for my own well-being but I am a little concerned for the well-being of the people with whom I am staying and would not want to see any harm come to them just because they are being kind to me. On the other hand, I can ask and have asked our Father for their protection, so it is hard to believe that my presence could endanger them.

Bottom line: Erick San Juan might have caught his own tit in the wringer through his connections to EJ and they might be trying to figure ways to deal with me; at least, that makes more sense to me than to believe that Erick is suddenly my “friend” after telling people a LIE (or perhaps more correctly, endorsing EJ’s lie) intended to get rid of me.

I will “go within” tonight and determine the best course of action in light of this new, “threatening” situation.

I just finished an exchange of texts and telephone conversation with Erick San Juan, which should be recorded in this Journal. It began when I decided to write Erick the following text:

“Did you tell Mr. Ekker the lie that I accused him of poisoning Doris? If not, why be silent when he lies? Give me reason 2 think betr of you. Ron Kirzinger”

Erick replied right away:

“Dat s wat u told me so I told u I wl talk to him about it.”

I replied:

“I told you lots of things but I never ACCUSED EJ of poisoning Doris. Obviously that could never be proved even IF it happened. ‘Accusation’ makes no sense. If you will hold to the fiction, you are no friend of mine and will never be. Goodbye. Ron Kirzinger”

A few minutes went by and then my cell phone rang. It was Erick and he was very upset. At one point he said [screamed], “DON’T F__K WITH ME. NOBODY F__KS WITH ERICK SAN JUAN, NOBODY!” He said that my accusation of EJ was written by me and sent to everyone by email. I calmly said that I had not

BUREAU OF IMMIGRATION
Honorable Roy M. Almoró, Acting Commissioner
Magallanes Drive, Intramuros, Manila

Re: United States Citizen Eddyjo Ekker, Passport No. PP035864849

To whom it may concern,

The purpose of this letter is to provide you with background information regarding Mr. Eddyjo Ekker of the United States, who has said that he will act to have Ronald Kirzinger—a Canadian citizen who is a highly valued Trustee in our Foundation—deported from the Philippines. Accordingly, this letter is both a condemnation of the actions of Mr. Eddyjo Ekker of the United States and a good-character endorsement of Ronald Kirzinger. We expect in any matter brought before you regarding either or both of these individuals, you will reference the information provided herein before making any final determination.

Be advised that the Board of Trustees of the Don Esteban Benitez Tallano and Don Gregorio Madrigal Acop Foundation, Inc. (hereinafter, the “Foundation”) has expelled former Trustee Eddyjo Ekker, a citizen of the United States, “for cause”; the cause being “actions inimical to the interests of the Foundation”. This is especially significant because the Foundation exists “for the benefit of the Filipino people” and has been court-ordered to administer assets of the Filipino people worth trillions of dollars. Thus, “actions inimical to the interests of the Foundation are also inimical to the interests of the Filipino people, generally, in our opinion. (Please refer to Exhibit A, the NOTICE OF EXPULSION attached herewith.)

Mr. Ekker chose not to attend the duly noticed meeting at which his expulsion was determined. Specifically, the Board found: that Mr. Ekker had acted to prevent a voting Member in good standing from attending a scheduled Board meeting; that he threatened to expel the Filipino Trustees of the Foundation for refusing to attend a meeting of his own that was not duly noticed; and that he had inappropriately usurped the title of “Chairman”, which he used to bully other Trustees.

Following our expulsion of Mr. Eddyjo Ekker certain other facts came to our attention demanding further investigation, the results of which might be noteworthy with regard to any assessment you might make involving Mr. Ekker.

In the course of our internal investigation, it has been revealed that Mr. Ekker caused to be filed a certain Public Notice, wherein, based on false, fraudulent and misleading “facts”, he falsely laid claim to 40% of all of the assets of the Foundation, which are the assets of the Filipino people. This preposterous but apparently “legal” claim amounts to over \$3 TRILLION at today’s price of gold, so it is far from “petty”.

We have acted to set the record straight with regard to Mr. Ekker’s fraudulent claim against the Foundation but already significant damage has been done to the Foundation’s reputation for failing to act sooner. We have written to the SEC to put this information on the public record. (Please refer to Exhibit B: Foundation Public Notice and Exhibit C: letter to the SEC, attached.)

We also have evidence showing that Mr. Ekker apparently intended to fraudulently bill the Foundation (and keep in mind, please, that this is a direct cost to the Filipino people) in the amount of nearly 25 MILLION pesos (US\$493,000) for purported but unsubstantiated expenses. As a result of this discovery, the Foundation’s Auditor has requested that Mr. Ekker submit his claims for review. (See Exhibit D: letter from the Foundation’s Auditor, Professor Jaime Ramirez, to Mr. Ekker attached for your reference.)

“accused” EJ of anything and it can’t be against the law to question possibilities.

Erick told me, “Maybe you should just leave the country, immediately” and it sounded like a threat, especially accompanied by the kind of language referenced in the preceding paragraph....

Why is Erick San Juan so upset? Could it be because he is NAMED by EJ Ekker in the soon-to-be infamous “Philippines Future” document of January 20? In that document, written to and for the benefit of “a select group of nationalists”, EJ promised all the money they could ever want to whoever would take over the reins of government without waiting for the next election.

12:52 PM End Journal Entry

The other Trustees of the Tallano-Acop Foundation were dismayed at the possibility that I might not be around. They know how much my efforts have meant with regard to gaining respect for and awareness of the Foundation—and at this point

they really don’t want to lose my input. At a meeting with the Foundation’s new attorney it was decided that a simple letter to the Bureau of Immigration could help to prevent any problems and/or mitigate any problems which might arise.

As we started to compose a letter to the Bureau of Immigration it became clear that if either Mr. Ekker or myself should be considered “undesirable” in the Philippines, it should be him, hands down.

If you live in the United States, for instance: How would you feel about someone who would “visit” your country—for eight straight years—and during his (non-business) “visit” somehow manage to assert a claim against 40% of all of your nation’s assets? The claim has gone nowhere and is now being rendered useless, so I guess it’s really “no big deal”?

What if this OUTSIDER went further and actually started to interfere in your politics, telling you which candidates he favors to run your country? What if he offered all kinds of money to anyone EXCEPT the ones currently in power?

EJ EKKER’S “FUNNY BUSINESS”
GOES BACK TO AT LEAST 2003

Finally—and most significantly—we have evidence to show that Mr. Eddyjo Ekker has interfered in the political affairs of this country, even going so far as to write up Executive Orders for whoever might forcefully take over the administration of this country prior to the next presidential election in 2010. (Please see Exhibit E: Mr. Ekker’s document, “Philippines Future”, attached for your reference.)

Identified in Mr. Ekker’s “Philippines Future” document are former Senator Kit Tatad, former Ambassador Roy Seneres and Dr. Erick San Juan. We expect the former two gentlemen to distance themselves from Mr. Ekker’s schemes but there is still some question as to the involvement of Dr. Erick San Juan, who is threatening to cause the deportation of Trustee Ronald Kirzinger for exposing this matter. Additional evidence has surfaced regarding Mr. Ekker’s close association with and financial support of “the Number Two man in the MNLF behind Nur Missouari”.

In our opinion, Mr. Ekker’s conduct in this country has been reprehensible. Now he is threatening to work with Dr. Erick San Juan to effect the deportation of Mr. Ronald Kirzinger, a valued Trustee of the Foundation. In our opinion this is more than “sour grapes” because it looks like Mr. Ekker wants Mr. Kirzinger out of this country only so that Mr. Ekker can operate in the face of reduced opposition to his schemes.

We highly value Mr. Kirzinger’s contributions to the Foundation. In only one year he was able to contribute enormous help, including the development and maintenance of our website and an informational CD. He is currently funding Foundation operations out of his own pocket to ensure that the Foundation’s goals can be met. We will be pleased to provide a more in-depth, good-character reference if it comes to that.

In conclusion, the purpose of this letter is to bring the matter to your attention for your proper determination, and to ensure that any actions which might be brought against Mr. Ronald Kirzinger, Foundation Trustee, by Mr. Ekker and/or Mr. San Juan are balanced by the foregoing facts. Thank you in advance for taking the time to look into this matter.

What if you knew he wrote an article offering all the money they could ever want to anyone who would overthrow your government BY FORCE? And if you were “in” your government, then how would you view things? Is this all “perfectly law abiding”, as Mr. Ekker describes his own conduct? (It is a serious VIOLATION of the Articles of Incorporation of Global Alliance Investment Association but for some reason my co-Director, Mr. Ekker, doesn’t want to meet with me to discuss the matter.)

FORCE IS NOT OF GOD but that is one little teaching (from the REAL Commander Hatonn) Mr. Ekker seems not to have understood.

As far as potential immigration problems go, I suggest you read the letter from the Tallano-Acop Trustees to the Bureau of Immigration (presented on pages 4 and 5 of this issue) and determine for yourself if “I” am the one with a problem.

I still believe that Erick San Juan is a patriotic individual who wants the best for his country. He has exposed a great deal of information about the Marcos

Gold which should prove helpful in the not-too-distant future, for which many of us are greatly thankful. But at this point, it seems he would be wise to put some distance between himself and Mr. Ekker.

There are references on the Internet suggesting that I have been set up as some sort of “bag holder” to be taken down while others romp off with “their” loot—and I have a hard time arguing the point. “Money laundering”, “financial support of terrorism”, “incitement to sedition” and more, much more—all perpetrated or set up by Mr. Ekker “and friends”—all set up for “me” to take the fall, apparently.

No, it’s not a nice world. If, one year ago, someone would have told me that EJ Ekker, scion of “The Mission”, would have been involved in such “perfidy” (thanks for the word, EJ, it is very appropriate)—I would have thought they were more than a brick short of a load. Now I know differently because of my experience.

When did EJ Ekker’s “funny business” begin—just within the last year?

On the next six pages of this issue you’re gong to see SOME of the evidence indicating that EJ Ekker’s perfidy began many years ago.

In reviewing the records of the Tallano-Acop Foundation, specifically to determine the nature of any agreements which might exist between the Foundation and “EJ Ekker’s” Global Alliance, I came across a copy of GAIA Memorandum of Agreement number 18102636, which was signed and came into effect on **November 10, 2003** (see pages 6 and 7).

It is the standard GAIA MoA, which governs the relationship between Global Alliance as the provider of collateral and, in this case, the Tallano-Acop Foundation as the Joint Venture Partner.

The intent of such agreements is that the Joint Venture Partner will do its best to see to it that the GAIA collateral is placed with a funding institution. The corresponding Deed of Assignment for Consideration is typically written for 2.5 times the cost of a humanitarian project being funded for the JVP. The hoped-for result is that the collateral is placed, gold is bought with the collateral and equal lines of credit are established for the JVP and GAIA, collateralized by the gold acquired.

It is a marvelous concept, one which benefits all of the participants, including the funding institution. From the bank’s perspective, it has experienced an infusion of high-quality, gold-based banking reserves. In a fractional-reserve banking system, the existence of these new reserves allows the bank to lend ten to twenty times the amount of the reserves. The banking system is stabilized by the infusion of collateral; gold is moved into the bank’s vaults; the money supply of the host nation can be increased commensurately; and of course the bank will make its usual fees on the lines of credit established.

Meanwhile, a worthwhile humanitarian project has been funded on behalf of the JVP, which will now result in new employment opportunities as just one of the side benefits.

For its part, Global Alliance commits to leave 80% of its funds within the funding jurisdiction, which benefits the host nation even further. Just 20% of the Global Alliance funds—10% of the total funding—may be used by GAIA in other jurisdictions, so fully 90% of the amount funded remains within the funding jurisdiction.

This program can work in and greatly benefit ANY nation and EVERY nation, providing gold-backed collateral (banking reserves) sufficient to eliminate the national debt and establish value-based currencies on a worldwide basis.

With that brief background, let’s return to the aforementioned MoA 18102636.

The STRANGENESS began when I asked Cenon Marcos, President of the Tallano-Acop Foundation, where was the corresponding Deed of Assignment, the collateral, GAIA’s consideration in the agreement? The answer was surprising: “What DEED? Yes, I signed the MoA but I never saw any DEED.”

No problem, I thought. As an officer of Global Alliance Investment Association I have an electronic file listing all of the MoAs and their corresponding Deeds of Assignment for Consideration; I’ll just look it up and see.

What I discovered next was a revelation akin to taking the lid off a can of worms. I found the document file for MoA 18102636 easily enough—BUT IT WASN’T THE SAME AS THE MEMORANDUM OF AGREEMENT SIGNED BY THE TALLANO-ACOP FOUNDATION TRUSTEES ON NOVEMBER 10, 2003.

Memorandum of Agreement 18102636 as Signed by Foundation Trustees 11/10/2003

18102636

Preamble: The following MEMORANDUM OF AGREEMENT, as provided by Global Alliance Investment Association, is intended as a guide. If it is acceptable as is, when signed by the parties it becomes a legal contract. If there are points requiring negotiation, GAIA will entertain them by telephone or fax so that they may be corrected or rewritten to suit the needs of all participants.

MEMORANDUM OF AGREEMENT (MOA)
Deed of Assignment for Consideration No. 18102636

This is a Memorandum of Agreement regarding contracts derived from the referenced collateral, Bonus Certificate 3392-181.

This Memorandum of Agreement, entered into as of November 10, 2003, is by and between DON ESTEBAN BENITEZ TALLANO & DON GREGORIO MADRIGAL ACOP FOUNDATION, INC. (FDN), 31 BMA St., Talayan, Q.C., RP and GLOBAL ALLIANCE INVESTMENT ASSOCIATION, (GLOBAL) a Nevada corporation with corporate offices at 5344 Images Ct, Las Vegas, Nevada 89107, U.S.A.

Whereas, GLOBAL is in the business of providing collateral to qualified entities in a variety of denominations appropriate to the needs of qualified entities, and

Whereas, FDN is a qualified entity desirous of obtaining collateral, and

Whereas, GLOBAL is the owner of all rights, title and interest derived from the valid debt obligation of the United States, particularly Bonus Certificate 3392-181, hereinafter referred to as the "Bonus Collateral" or DEED (DEED OF ASSIGNMENT FOR CONSIDERATION), and

Whereas, FDN will use the Bonus Collateral or a portion thereof "Righteously", herein meaning for humanitarian purposes allowing no part of any proceeds derived from the use of this collateral to be used for any war-related activity, now

Therefore, the parties hereto, in consideration of the promises, representations, warranties herein made and other considerations agree to the following terms and conditions:

- 1. Availability.** GLOBAL warrants it has in its legal possession all rights, title and interest derived from Bonus Certificate 3392-181, the Bonus Collateral, worth in excess of 10 Trillion Dollars (US) and shall assign to FDN (or to such entities as designated by FDN) at such times and in the amounts as much of the Bonus Collateral as shall be mutually agreed.
- 2. Place where DEEDs and/or proceeds shall be utilized.** The projects(s) for which the Bonus Collateral shall be used shall be located within the Philippine Archipelago and generally within those areas covered by the Original Certificate of Title 01-4. FDN expressly warrants hereby that FDN will in no way allow any part or portion of the DEED(s) issued to FDN to be used in any so-called "high yield" or trading program.
- 3. Validity.** GLOBAL warrants that the Bonus Collateral is valid debt of the United States Treasury and is guaranteed by the Federal Reserve.
- 4. Confirmation.** GLOBAL reserves the right to coordinate the making of any and all claims for the collection of all DEEDs so issued and FDN shall make no effort to make a claim on the Bonus Collateral, or to verify its validity, with the Federal Reserve or the U.S. Treasury without the express written permission of GLOBAL. All requirements of the Uniform Commercial Code, which is by treaty superior to all other law and from which there is no appeal, were completed February 16, 1999, thus leaving the debtor(s) no recourse but to pay the debt and its accumulating interest.
- 5. Consideration.** In consideration of assigning the Bonus Collateral to FDN, FDN will pay or cause to be paid to GLOBAL from the collections or other proceeds, 50% of each DEED. The remaining 50% shall be retained by FDN. (DEEDs are usually made 2.5 times the collection or anticipated proceeds so it likely that the FDN portion will be larger than would be expected.)
As a further consideration, FDN (or its designee) shall arrange for the assignment or purchase of gold equal to the GLOBAL 50% portion of each emission of funds and/or gold. The gold will be held in the name of GLOBAL (or its designee) by FDN (or a mutually acceptable bank) to be used as collateral for a line-of-credit to be accessed by GLOBAL subject to a limit of eighty percent (80%) of the value of GLOBAL's gold, and
As a further consideration FDN (or its designee) shall arrange for the establishment of bank accounts in the name of GLOBAL (or its designee) through which GLOBAL may access its line-of-credit.
- 6. Implementation.** The parties hereto realize that most banks do not have the funds adequate to singularly fund loans of the magnitude herein contemplated. Accordingly, the funding process may entail several steps. The commitment of the Bonus Collateral shall therefore be permitted to precede the release of the proceeds while the funding process is carried out. The parties hereto will cooperate to facilitate the loan(s) and will make full disclosure of the relevant events related to issuance of collateral through to distribution of proceeds.
- 7. Possession.** During the term of any loan (for instance, to assist a purchaser of FDN real estate) the Bonus Collateral shall be in the possession of the lender. Upon satisfaction of the loan, ownership and possession of the collateral shall be returned to GLOBAL.
- 8. Notices.** Any written notice, demand or request that is required to be made hereunder, may be served in person, by FAX, or by Courier (e.g. FedEx, DHL), addressed to the party to be served at the address set forth in the first paragraph hereof. The addresses stated herein may be changed as to the applicable party by providing the other party with notice of such address change in the manner provided in this paragraph.
- 9. Invalidity.** In the event any one or more of the provisions contained herein shall, for any reason, be held to be invalid, illegal or unenforceable in any respect, such invalidity, illegality or unenforceability shall not affect any other provisions of this agreement, but this agreement shall be construed as if such invalid, illegal or unenforceable provision had never been contained herein or therein.
- 10. Arbitration.** Any controversy or claim arising out of or relating to this contract, or the breach thereof, may be submitted to arbitration in accordance with the rules of the American Arbitration Association, and judgment upon the award rendered by the arbitrator(s) may be entered in any court having jurisdiction thereof.
- 11. Procedures.** Should litigation arise, service of process may be obtained through certified mail, return receipt requested; the parties hereto waiving any and all rights they may have to object to the method by which service was perfected. As the parties are in different countries, a period of thirty days beyond the time otherwise allowed to answer service of process shall be permitted.
- 12. Governing Law.** This agreement, and all transactions contemplated hereby, shall be governed by, construed and enforced in accordance with the laws of the State of Nevada. In the event that litigation results from or arises out of this Agreement or the performance thereof, the parties agree to reimburse the prevailing party's reasonable attorney's fees, court costs, and all other expenses, to the extent taxable by the court as costs, in addition to any other relief to which

Based on the August 17, 2003 MoA 18102636, there was some kind of a deal being arranged with the Republic of the Philippines!? Fair enough, I suppose, BUT the Tallano-Acop Trustees did not sign into that particular agreement (see the MoA on this page, which has no reference to any such arrangement). Moreover, the Tallano-Acop Foundation WAS NOT FORMED UNTIL OCTOBER 14, 2003, so how could there be a MoA involving this Foundation before it ever came into existence???

So, WHAT IS GOING ON HERE?
NOTHING MAKES SENSE UNTIL YOU REALIZE THAT DON ESTEBAN BENITEZ TALLANO & DON GREGORIO MADRIGAL ACOP FOUNDATION, INC. WAS ALSO FORMED IN NEVADA AND THE NEVADA "VERSION" CAME INTO BEING ON JULY 29, 2003.

I knew about this Nevada-based entity because I was the incorporator. Here is how the need for this entity was explained to me at the time:

I was told that Prince Julian Morden Tallano was reluctant to form the entity as ordered by the Agana Court back in 1976. The strategy was to go ahead and form it in the United States in order to bring pressure on the Prince to do what he should have done literally decades before, as ordered by the Court.

The strategy apparently worked.

Page 2 of 3
18102636

Next, I looked up the Deed of Assignment for Consideration with the corresponding number, 18102636. This DEED (graphic image at the top right of page 7) was made out in the amount of \$24,880,000,000—and was dated, not November 10, 2003 when the MoA with the Tallano-Acop Foundation was signed, but on August 17, 2003!

WHAT IS GOING ON HERE?
The electronic versions of the MoAs and DEEDs on file are not conclusive because they are not signed. But they are supposed to represent MoAs and DEEDs actually issued and endorsed. The endorsed MoAs and DEEDs are printed FROM the electronic files and then completed by hand.

Thus, the electronic document file for MoA 18102636 "should" have been the same as the MoA signed by the Foundation Trustees on November 10, 2003, as shown above—but it wasn't.

Instead of the STANDARD final "whereas" clause (as in the MoA signed by the Tallano-Acop Trustees, above), which simply says that the JVP will use any funds for 'RIGHTEOUS' (i.e., humanitarian) purposes, the language of the "SAME" MoA electronic file references a Joint Venture Partnership with the Republic of the Philippines. See "Another Memorandum of Agreement 18102636, Unsigned, Dated August 17, 2003" at the top of pages 8 and 9,

wherein the final "whereas" clause reads as follows:

Whereas, T-FDN will use the Bonus Collateral exclusively to protect its ownership of its gold during the period while the gold is being sold to a Joint Venture Partnership comprised of the Republic of the Philippines (RP), and GLOBAL at a price of Four Hundred dollars (\$400) per troy ounce and until the published price of gold reaches \$400/oz at which time it will sell its DEED back to GLOBAL ...

Note also, the "other" MoA 18102636 references to "RP" with regard to "Implementation":

7. Implementation. *A representative of GLOBAL will first explain the program to the representatives of T-FDN. If T-FDN decides to use the GLOBAL program, T-FDN will prepare an inventory of the gold to be sold so that an approximate value can be calculated. After a "test buy" of a sampling of the gold is completed the DEED will be issued based upon the inventory. T-FDN will be responsible for the negotiation of its agreement with the RP and to assist GLOBAL in the negotiation of its agreement with the RP. The delivery of the gold (or documents) to the RP will be the responsibility of T-FDN.*

Signed MoA 18102636 and Non-Corresponding Deed 18102636 for \$24,880,000,000

18102636

the prevailing party may be entitled. In such event, no action shall be entertained by said court or any court of competent jurisdiction if filed more than one year subsequent to the date the cause(s) of action actually accrued regardless of whether damages were otherwise as of said time calculable.

13. Menger. This agreement is the entire agreement by and between the parties and may only be modified by written agreement signed by both parties.

14. Authority. Each party represents and warrants that it is duly organized and validly existing, in good standing under the laws of the jurisdiction of its incorporation (if applicable), is qualified to do business and is in good standing with full power and authority to consummate the transaction contemplated hereby.

IN WITNESS WHEREOF, the parties hereunto have executed this Agreement as of November 10, 2003 in Makati City, R.P.

The Don Esteban Benitez Tallano & Don Gregorio Madrigal Acop Foundation, Inc. was registered in the Philippines less than three months later, on October 14, 2003 and Prince Julian Tallano was one of the listed incorporators. (As pointed out in the Foundation’s Public Notice elsewhere in this issue, Doris and EJ Ekker were not listed either as incorporators OR as contributors of the initial capitalization of 100,000 pesos.)

Alright, so we have TWO Tallano-Acop Foundations, one of which signed the Memorandum of Agreement numbered 18102636 on November 10, 2003 as shown above—written in the STANDARD language for Global Alliance MoAs.

THERE IS, HOWEVER, NO CORRESPONDING DEED OF ASSIGNMENT FOR CONSIDERATION. THIS CONTRACT, EXECUTED BY DORIS AND EJ EKKER FOR GLOBAL ALLIANCE AND THREE OFFICERS OF THE PHILIPPINES-BASED TALLANO-ACOP FOUNDATION, IS THUS NOT VALID DUE TO FAILURE OF CONSIDERATION. IF SUCH A DEED EXISTS, CENON MARCOS HAS NEVER SEEN IT AND IT IS NOT WITH THE RECORDS OF THE REAL, PHILIPPINES-BASED TALLANO-ACOP FOUNDATION MAINTAINED BY ITS SECRETARY, ERLINDA MARCOS.

And then there is the “other”, *doppelganger*, Nevada, USA-based Tallano-Acop Foundation. Memorandum of Agreement 18102636 and its corresponding Deed of Assignment for Consideration number 18102636, both dated August 17, 2003 (according to the unsigned copies of these documents as they exist in the electronic files of Global Alliance Investment Association) “could” apply to this identically-named entity formed June 29, 2003.

If we take all of this at face value, WHAT DOES THIS MEAN?

In the absence of signed original copies, we cannot arrive at firm conclusions but it certainly LOOKS SOMETHING LIKE:

EJ Ekker had hidden intentions behind forming the U.S.-based Tallano-Acop Foundation June 29, 2003, intentions that went beyond “strong-arming” Prince Julian Morden Tallano into finally forming the Philippines-based Tallano-Acop Foundation as ordered by the Agana Court.

EJ Ekker assigned Global Alliance DEED #18102636 to the U.S.-based Tallano-Acop Foundation on August 17, 2003. Note that while the copies of the “other” MoA and DEED 18102636 are unsigned, THE REQUIRED SIGNATURES FOR BOTH PARTIES WOULD BE EJ AND DORIS EKKER—no one else’s signatures are required.

TO AVOID THE APPEARANCE OF SELF-DEALING (a contract with oneself is not binding), EJ Ekker had the Trustees of the real, Philippines-based Tallano-Acop Foundation sign Memorandum of Agreement 18102636 on November 10, 2003—A DIFFERENT VERSION, WHICH DID NOT CONTAIN LANGUAGE INDICATING A JOINT-VENTURE PARTNERSHIP WITH THE REPUBLIC OF THE PHILIPPINES.

The Trustees of the real, Philippines-based Tallano-Acop Foundation were not aware of this double-dealing and NEVER SAW THE DEED.

At that point, EJ Ekker set about establishing a claim by Global Alliance Investment Association against the assets of the Filipino people which were to be administered by the real, Philippines-based Tallano-Acop Foundation. He LIED and presented “facts” in a Public Notice in order to establish a judicial presumption that Global Alliance was entitled to 40% of the assets of the Filipino people. That bogus claim is being rebutted by the real Tallano-Acop Foundation’s Public Notice at the back of this issue.

Having asserted a claim against the physical gold of the Filipino people, Mr. Ekker set about trying to gain the cooperation of the Republic of the Philippines in what can only be viewed as a surreptitious, PRIVATE bit of “funny business”.

“Another” Memorandum of Agreement 18102636, Unsigned, Dated 8/17/2003

18102636

18102636

Preamble: The following MEMORANDUM OF AGREEMENT, as provided by Global Alliance Investment Association, is intended as a guide. If it is acceptable as is, when signed by the parties it becomes a legal contract. If there are points requiring negotiation, GATA will entertain them by telephone or fax so that they may be corrected or rewritten to suit the needs of all participants.

MEMORANDUM OF AGREEMENT (MOA)
Deed of Assignment for Consideration No. 18102636

This is a Memorandum of Agreement regarding contracts derived from the referenced collateral, Bonus Certificate 3392-181.

This Memorandum of Agreement, entered into as of August 17, 2003, is by and between DON ESTEBAN BENITEZ TALLANO & DON GREGORIO MADRIGAL ACOP FOUNDATION, INC. 6751 Ayala Ave, Makati City, RP and GLOBAL ALLIANCE INVESTMENT ASSOCIATION, (GLOBAL) a Nevada corporation with offices at 5344 Images Ct., Las Vegas, Nevada 89107.

Whereas, GLOBAL is in the business of providing collateral to qualified entities in a variety of denominations appropriate to the needs of qualified entities, and

Whereas, T-FDN is a qualified entity desirous of obtaining collateral, and

Whereas, GLOBAL is the owner of all rights, title and interest derived from the valid debt obligation of the United States, particularly Bonus Certificate 3392-181, hereinafter referred to as the "Bonus Collateral", and

Whereas, T-FDN will use the Bonus Collateral exclusively to protect its ownership of its gold during the period while the gold is being sold to a Joint Venture Partnership comprised of the Republic of the Philippines (RP), and GLOBAL at a price of Four Hundred dollars (\$400) per troy ounce and until the published price of gold reaches \$400/oz at which time it will sell its DEED back to GLOBAL,

Therefore, the parties hereto, in consideration of the promises, representations, warranties herein made and other considerations agree to the following terms and conditions:

1. Availability. GLOBAL warrants it has in its legal possession all rights, title and interest derived from Bonus Certificate 3392-181, the Bonus Collateral, worth in excess of 10 Trillion Dollars (US) and shall assign to T-FDN so much of the Bonus Collateral as shall be mutually agreed.

2. Place where DEEDs and/or proceeds shall be utilized. The projects(s) for which the Bonus Collateral shall be used shall be located outside the territory of the United States and no attempt at funding shall occur within the United States. T-FDN expressly warrants hereby that T-FDN will in no way allow any part or portion of the DEED(s) issued to T-FDN to be used in any so-called "high yield" or trading program, or for any purpose other than that expressed in paragraph 5.

3. Validity. GLOBAL warrants that the Bonus Collateral is valid debt of the United States Treasury and is guaranteed by the Federal Reserve.

4. Confirmation. GLOBAL reserves the right to coordinate the making of any and all claims for the collection of all DEEDs so issued and T-FDN shall make no effort to make a claim on the Bonus Collateral, or to verify its validity, with the Federal Reserve or the U.S. Treasury without the express written permission of GLOBAL. All requirements of the Uniform Commercial Code, which is by treaty superior to all other law and from which there is no appeal, were

Page 1 of 1

completed February 16, 1999, thus leaving the debtor(s) no recourse but to pay the debt and its accumulating interest. Funders should contact GLOBAL to verify authenticity of a DEED.

5. Purpose. The purpose of the DEED issued pursuant to this Memorandum of Agreement will be to protect T-FDN from any loss in a transaction of selling gold to the RP at the current price plus an amount to be paid later by GLOBAL bringing the total price to \$400 per ounce. The first payment for the gold delivered (per the final assay and weight as determined by mutually accepted assayers) will be made by the RP at the current price less 10% allocated for fees and expenses. Later, when the price of gold reaches the target price of \$400 per ounce, GLOBAL will purchase back the DEED for an amount calculated to pay T-FDN \$400 per ounce less the amount withheld. All calculations can be made and accepted by each party at the time of the first payment. Should there be a loss incurred through accident, malfeasance or misappropriation (but not to include overstating the value of the gold) the DEED may be placed with a bank by T-FDN as collateral for a line-of-credit equal to the loss at the current price without the usual consideration of 50% to GLOBAL.

6. Consideration. The consideration required shall not be financial but will be wholehearted cooperation in the spirit of a joint venture partner in negotiating with the RP and any others involved in the transaction. Each party also pledges to keep the other informed of the progress of the transaction.

7. Implementation. A representative of GLOBAL will first explain the program to the representatives of T-FDN. If T-FDN decides to use the GLOBAL program, T-FDN will prepare an inventory of the gold to be sold so that an approximate value can be calculated. After a "test buy" of a sampling of the gold is completed the DEED will be issued based upon the inventory. T-FDN will be responsible for the negotiation of its agreement with the RP and to assist GLOBAL in the negotiation of its agreement with the RP. The delivery of the gold (or documents) to the RP will be the responsibility of T-FDN.

8. Notices. Any written notice, demand or request that is required to be made hereunder, may be served in person, by FAX, or by Courier (e.g. FedEx, DHL), addressed to the party to be served at the address set forth in the first paragraph hereof. The addresses stated herein may be changed as to the applicable party by providing the other party with notice of such address change in the manner provided in this paragraph.

9. Invalidity. In the event any one or more of the provisions contained herein shall, for any reason, be held to be invalid, illegal or unenforceable in any respect, such invalidity, illegality or unenforceability shall not affect any other provisions of this agreement, but this agreement shall be construed as if such invalid, illegal or unenforceable provision had never been contained herein or therein.

10. Arbitration. Any controversy or claim arising out of or relating to this contract, or the breach thereof, may be submitted to arbitration in accordance with the rules of the American Arbitration Association, and judgment upon the award rendered by the arbitrator(s) may be entered in any court having jurisdiction thereof.

11. Procedures. Should litigation arise, service of process may be obtained through certified mail, return receipt requested; the parties hereto waiving any and all rights they may have to object to the method by which service was perfected. As the parties are in different countries, a period of thirty days beyond the time otherwise allowed to answer service of process shall be permitted.

DECEPTION PILED ON DECEPTION

Have a good look at the PARTIES to the Memorandum of Agreement numbered 18102636 shown on this page. You will see: “DON ESTEBAN BENITEZ TALLANO & DON GREGORIO MADRIGAL ACOP FOUNDATION, INC., 6751 Ayala Ave., Makati City, RP and GLOBAL ALLIANCE INVESTMENT ASSOCIATION (GLOBAL) a Nevada corporation with offices at 5344 Images Ct., Las Vegas, Nevada 89107”.

It has already been explained that this MoA could not apply to the real, Philippines-based Tallano-Acop Foundation if for no other reason than it did not even come into existence until October 14, 2003; whereas this MoA is dated August 17, 2003.

So, is this MoA for the Nevada, U.S.-based Tallano-Acop Foundation? IF SO, WHY IS ITS ADDRESS GIVEN AS “6751 Ayala Ave., Makati City, RP”? THE ONLY SUCH NAMED ENTITY IN EXISTENCE AT THE TIME WAS ALSO BASED OUT OF 5344 IMAGES CT. IN LAS VEGAS.

So, just give it a Filipino address; say, the “Executive Offices” of Mr. Ekker to make it “look” like a Philippines-based entity? How DECEPTIVE!.

More deceptive still is the fact that the Trustees of the real, Philippines-based Tallano-Acop Foundation

were caused to sign another version of this MoA 18102636 AND WERE NEVER EVEN SHOWN THE CORRESPONDING DEED.

Moreover, as Executive Vice President of Global Alliance Investment Association at the time, I WAS NOT INFORMED OF ANY OF THIS.

DID MR. EKKER’S CO-DIRECTOR AT THE TIME, DORIS EKKER, KNOW WHAT WAS GOING ON WITH THIS DOUBLE-DEALING?

I doubt it. Why? Because there seems to be a whole lot going on that was HIDDEN, beginning several years ago and involving the Tallano Foundation and assets of the Filipino people. For instance: The FOUNDATION FOR THE TALLANO ESTATE, INC. was formed June 17, 2002 and MRS. EKKER’S NAME WAS NEVER ASSOCIATED WITH THIS ENTITY; ONLY MR. EKKER’S NAME AND MY OWN WERE EVER ON IT—AND I WAS JUST SERVING BLINDLY, BELIEVING THAT EVERYTHING WAS BEING DONE FOR GOOD PURPOSES.

It needs to be reiterated at this point: Without access to more documentation there is no way to know for sure exactly WHAT was happening—but things certainly LOOK suspicious, don’t they?

It LOOKS like EJ Ekker was working a PRIVATE DEAL OF HIS OWN with the Government

of the Philippines as the Joint-Venture Partner. This deal involved almost \$25 BILLION in Global Alliance collateral (useable as banking RESERVES) and it was NOT DISCLOSED to the Trustees of the Tallano-Acop Foundation (of the Philippines); nor was it disclosed to the Executive VP of Global Alliance.

It LOOKS like this was a deal between “Mr. Ekker’s” Global Alliance on the one side and “Mr. Ekker’s” Tallano-Acop Foundation (of Nevada) on the other side.

No matter HOW it is viewed, IT DOESN’T LOOK RIGHT; IT LOOKS LIKE ONE DECEPTION PILED ON TOP OF ANOTHER.

It doesn’t look like this deal went ahead and that is not surprising. Who would want to hand EJ Ekker \$10 Billion worth of the Philippines gold? For what? A supposed investment of 40,000 pesos as part of the startup capitalization of the Philippines Foundation?

Well, not to be GREEDY about things, it looks like Mr. Ekker could see that it just might be more workable in a smaller amount. Memorandum of Agreement 18102637, also dated August 17, 2003, amounted to just \$50 million. (See “Memorandum of Agreement 18102637, Unsigned, Dated August 17, 2003”, along with its corresponding DEED on pages 10 and 11.)

This MoA 18102637 was also made out between

Blank MoA 18102636 and Corresponding Deed 18102636 for \$24,880,000,000

18102636

12. Governing Law. This agreement, and all transactions contemplated hereby, shall be governed by, construed and enforced in accordance with the laws of the State of Nevada. In the event that litigation results from or arises out of this Agreement or the performance thereof, the parties agree to reimburse the prevailing party's reasonable attorney's fees, court costs, and all other expenses, to the extent taxable by the court as costs, in addition to any other relief to which the prevailing party may be entitled. In such event, no action shall be entertained by said court or any court of competent jurisdiction if filed more than one year subsequent to the date the cause(s) of action actually accrued regardless of whether damages were otherwise as of said time calculable.

13. Merger. This agreement is the entire agreement by and between the parties and may only be modified by written agreement signed by both parties.

14. Authority. Each party represents and warrants that it is duly organized and validly existing, in good standing under the laws of the jurisdiction of its incorporation (if applicable), is qualified to do business and is in good standing with full power and authority to consummate the transaction contemplated hereby.

IN WITNESS WHEREOF, the parties hereunto have executed this Agreement as of August 17, 2003 in Makati City, Philippines.

“a” Tallano-Acop Foundation supposedly at 6751 Ayala Ave., the location of Mr. Ekker’s “Executive Offices” in Makati—but again, this “could” not be the REAL Tallano-Acop Foundation, which did not come into existence until months later.

It LOOKS like another PRIVATE deal because, again, it was not disclosed to either the Tallano-Acop Foundation Trustees OR myself as Executive VP (at the time, and now as co-Director) of Global Alliance.

HOW MANY MORE SUCH PRIVATE DEALS DOES MR. EKKER HAVE UNDERWAY? He’s not talking—and neither is he providing any access to the records of Global Alliance, not even at the request of the corporation’s Secretary and his co-Director. If there is nothing to hide, why is he keeping this information CONCEALED from the BOARD?

It LOOKS like Mr. Ekker tried for several years to make something out of “his” Global Alliance claim against 40% of the assets of the Filipino people—tried and FAILED.

By the time I arrived in the Philippines almost one year ago, Mr. Ekker was telling me and everyone else with whom we met that he could not work with the current administration in the Philippines. On numerous occasions over the last year I have found myself in the uncomfortable position of having to declare to those with whom we met that Mr. Ekker

was expressing his PERSONAL opinions and that the official position of Global Alliance Investment Association is that we have no right to interfere with another nation’s politics.

Mr. Ekker arranged many meetings with people opposed to the current administration, including many Muslims, some of the “militant” (New People’s Army or NPA) variety. He openly provided financial support to a man reputed to be “the #2 man behind Nur Misouari in the MNLF”.

The culmination of Mr. Ekker’s frustrations is probably best illustrated by the document he entitled “Philippines Future”, excerpts from which were presented in the March 28, 2007 issue. In essence, this document, written on Global Alliance Investment Association letterhead and dated January 20, 2007, offers to provide all the money they could want to someone who would forcefully overthrow the current government.

All of this is being EXPOSED now despite every DAMNED effort to prevent the truth of these matters from being known.

Do you STILL think this is a matter of Ronald Kirzinger being overworked, having a case of “cabin fever” or “some kind of paranoia”? Do you still want to beLIEve the LIE that this all began somehow with some accusation by me that was somehow so vile that

Mr. Ekker simply couldn’t work with me any more?

It didn’t begin with the PRIOR conflict over publication of the Jonur “BLASPHEMY”, either. That was merely a SYMPTOM of a far more serious underlying problem. You should be able to tell from the information presented in this issue—which EJ Ekker would really rather have kept hidden—that the current situation has been brewing for a long time; since AT LEAST 2003 (if not much longer).

Mr. Ekker has acted as THE OWNER of Global Alliance Investment Association and many of you reading this have condoned that erroneous position. Maybe you still don’t understand but it must be repeated: The Global Alliance assets exist for the benefit of all mankind. A “man” or some “men” must ADMINISTER these assets but no ONE is supposed to OWN them.

As long as EJ Ekker can get away with his false claim of OWNING Global Alliance Investment Association, that “vessel” is not clean and not ready to receive the abundance God has set before the people of the World. And as long as the Divine Plan is BLOCKED in this manner, the only solution is WAR.

Having done “my” job, I CAN LIVE WITH THAT EVEN THOUGH I STILL PRAY FOR A MUCH DIFFERENT OUTCOME.

Ronald Kirzinger (“of” Hatonn)

Memorandum of Agreement 18102637, Unsigned, Dated 8/17/2003

18102637

Preamble: The following MEMORANDUM OF AGREEMENT, as provided by Global Alliance Investment Association, is intended as a guide. If it is acceptable as is, when signed by the parties it becomes a legal contract. If there are points requiring negotiation, GAIA will entertain them by telephone or fax so that they may be corrected or rewritten to suit the needs of all participants.

MEMORANDUM OF AGREEMENT (MOA) Deed of Assignment for Consideration No. 18102637

This is a Memorandum of Agreement regarding contracts derived from the referenced collateral, Bonus Certificate 3392-181.

This Memorandum of Agreement, entered into as of August 17, 2003, is by and between DON ESTEBAN BENITEZ TALLANO & DON GREGORIO MADRIGAL ACOP FOUNDATION, INC. 6751 Ayala Ave, Makati City, RP and GLOBAL ALLIANCE INVESTMENT ASSOCIATION, (GLOBAL) a Nevada corporation with offices at 5344 Images Ct., Las Vegas, Nevada 89107.

Whereas, GLOBAL is in the business of providing collateral to qualified entities in a variety of denominations appropriate to the needs of qualified entities, and

Whereas, T-FDN is a qualified entity desirous of obtaining collateral, and

Whereas, GLOBAL is the owner of all rights, title and interest derived from the valid debt obligation of the United States, particularly Bonus Certificate 3392-181, hereinafter referred to as the "Bonus Collateral", and

Whereas, T-FDN will use the Bonus Collateral exclusively to protect its ownership of its gold during the period while the gold is being sold to a Joint Venture Partnership comprised of the Republic of the Philippines (RP), and GLOBAL at a price of Four Hundred dollars (\$400) per troy ounce and until the published price of gold reaches \$400/oz at which time it will sell its DEED back to GLOBAL,

Therefore, the parties hereto, in consideration of the promises, representations, warranties herein made and other considerations agree to the following terms and conditions:

1. **Availability.** GLOBAL warrants it has in its legal possession all rights, title and interest derived from Bonus Certificate 3392-181, the Bonus Collateral, worth in excess of 10 Trillion Dollars (US) and shall assign to T-FDN so much of the Bonus Collateral as shall be mutually agreed.

2. **Place where DEEDs and/or proceeds shall be utilized.** The projects(s) for which the Bonus Collateral shall be used shall be located outside the territory of the United States and no attempt at funding shall occur within the United States. T-FDN expressly warrants hereby that T-FDN will in no way allow any part or portion of the DEED(s) issued to T-FDN to be used in any so-called "high yield" or trading program, or for any purpose other than that expressed in paragraph 5.

3. **Validity.** GLOBAL warrants that the Bonus Collateral is valid debt of the United States Treasury and is guaranteed by the Federal Reserve.

4. **Confirmation.** GLOBAL reserves the right to coordinate the making of any and all claims for the collection of all DEEDs so issued and T-FDN shall make no effort to make a claim on the Bonus Collateral, or to verify its validity, with the Federal Reserve or the U.S. Treasury without the express written permission of GLOBAL. All requirements of the Uniform Commercial Code, which is by treaty superior to all other law and from which there is no appeal, were

completed February 16, 1999, thus leaving the debtor(s) no recourse but to pay the debt and its accumulating interest. Funders should contact GLOBAL to verify authenticity of a DEED.

5. **Purpose.** The purpose of the DEED issued pursuant to this Memorandum of Agreement will be to protect T-FDN from any loss in a transaction of selling gold to the RP at the current price plus an amount to be paid later by GLOBAL bringing the total price to \$400 per ounce. The first payment for the gold delivered (per the final assay and weight as determined by mutually accepted assayers) will be made by the RP at the current price less 10% allocated for fees and expenses. Later, when the price of gold reaches the target price of \$400 per ounce, GLOBAL will purchase back the DEED for an amount calculated to pay T-FDN \$400 per ounce less the amount withheld. All calculations can be made and accepted by each party at the time of the first payment. Should there be a loss incurred through accident, malfeasance or misappropriation (but not to include overstating the value of the gold) the DEED may be placed with a bank by T-FDN as collateral for a line-of-credit equal to the loss at the current price without the usual consideration of 50% to GLOBAL.

6. **Consideration.** The consideration required shall not be financial but will be wholehearted cooperation in the spirit of a joint venture partner in negotiating with the RP and any others involved in the transaction. Each party also pledges to keep the other informed of the progress of the transaction.

7. **Implementation.** A representative of GLOBAL will first explain the program to the representatives of T-FDN. If T-FDN decides to use the GLOBAL program, T-FDN will prepare an inventory of the gold to be sold so that an approximate value can be calculated. After a "test buy" of a sampling of the gold is completed the DEED will be issued based upon the inventory. T-FDN will be responsible for the negotiation of its agreement with the RP and to assist GLOBAL in the negotiation of its agreement with the RP. The delivery of the gold (or documents) to the RP will be the responsibility of T-FDN.

8. **Notices.** Any written notice, demand or request that is required to be made hereunder, may be served in person, by FAX, or by Courier (e.g. FedEx, DHL), addressed to the party to be served at the address set forth in the first paragraph hereof. The addresses stated herein may be changed as to the applicable party by providing the other party with notice of such address change in the manner provided in this paragraph.

9. **Invalidity.** In the event any one or more of the provisions contained herein shall, for any reason, be held to be invalid, illegal or unenforceable in any respect, such invalidity, illegality or unenforceability shall not affect any other provisions of this agreement, but this agreement shall be construed as if such invalid, illegal or unenforceable provision had never been contained herein or therein.

10. **Arbitration.** Any controversy or claim arising out of or relating to this contract, or the breach thereof, may be submitted to arbitration in accordance with the rules of the American Arbitration Association, and judgment upon the award rendered by the arbitrator(s) may be entered in any court having jurisdiction thereof.

11. **Procedures.** Should litigation arise, service of process may be obtained through certified mail, return receipt requested; the parties hereto waiving any and all rights they may have to object to the method by which service was perfected. As the parties are in different countries, a period of thirty days beyond the time otherwise allowed to answer service of process shall be permitted.

WHAT DO YOU THINK?

Is this kind of “funny business”: “clever”, “shrewd”, “smart”, “wise”, “good” or DIABOLICAL? Is the vessel that is Global Alliance clean and ready to receive God’s abundance for the benefit of all mankind?

What is the REAL reason EJ Ekker wants to be rid of Ronald Kirzinger? Is it just because of some purportedly criminal accusation (but one where no charge was ever brought by Mr. Ekker)? Or do you think there might be a little more to it than that?

Repeat Question: DOES EJ EKKER OWN GLOBAL ALLIANCE?

PUBLIC NOTICE

GLOBAL ALLIANCE INVESTMENT ASSOCIATION

This notice hereby invokes Rule 301, Federal Rules of Civil Procedure of the United States and is intended as appropriate judicial notice in any jurisdiction in which it is recorded of public record. If all interested parties fail to rebut any given allegation or matter of law addressed herein, the position will be construed as adequate to requirements of judicial notice, thus preserving fundamental law.

NOTICE OF REFUSAL TO PRODUCE CORPORATE RECORDS FOR INSPECTION

Eddyjo Ekker, Director of Global Alliance Investment Association (GAIA), has been asked to produce the corporate records of the Company for my inspection but has refused to do so. Instead of producing the corporate records for inspection, in his capacity as President of the Company, he has advised me in a memorandum dated March 10, 2007 that my services have been “terminated”.

Whereas, in accordance with the Articles of Incorporation, the only way Mr. Ekker, President could effect my termination legally is if he owns the Company and whereas the only proof of his presumed ownership is to be found in the corporate records and specifically the stock ledger; and whereas he has denied me in my capacity as the Company’s Secretary the right to inspect those records:

It is only reasonable to stipulate that absent proof of Mr. Ekker’s authority to act, it shall be presumed such authority does not exist and absent production of the stock ledger, it shall be presumed no stock has been issued.

For the foregoing reasons, I shall continue to uphold my fiduciary responsibilities to the Company and the subsidiary companies under its umbrella until this matter can be properly resolved. Where companies outside the umbrella with regard to ownership might be concerned, I shall uphold my fiduciary responsibilities to those entities “under duress”. If it is subsequently proven that Mr. Ekker has not acted in the best interests of the Company in accordance with its Articles of Incorporation, it is to be presumed that he stands personally liable for the consequences of any fraudulent actions which bring harm to the Company, related and subsidiary companies and/or myself, personally.

Ronald Kirzinger, Secretary

As of the date of this Public Notice, the public records of the State of Nevada still show Ronald Kirzinger as the corporation’s Secretary and as a Director, although Eddyjo Ekker has apparently instructed the Office Manager of the resident agent for the company to simply replace Ronald Kirzinger’s name with his when the Company is due for renewal. Does Mr. Ekker claim to own this Company worth trillions of dollars?

In fulfillment of legal requirements for sufficiency of Public Notice, this is the second of three publications of this Notice.

Since there has been an objection raised to either of the two Public Notices published December 17, 2003 in the newspaper, CONTACT, we will continue with their publication in subsequent issues of the same newspaper. There have been questions asked, which we deem worthy of public response with appropriate exhibits.

The first exhibit is a copy of page 4 of the Philippine Securities and Exchange Commission registration form showing the ORIGINAL five incorporators of the DON ESTEBAN BENITEZ TALLANO & DON GREGORIO MADRIGAL ACOP FOUNDATION, INC. (FDM) signed September 18, 2003 by Eddyjo and Doris J. Elker, two (40%) of the five. The second exhibit is a copy of page 4 of the Philippine Securities and Exchange Commission registration form showing the five incorporators as submitted to the SEC, purportedly signed August 30, 2003. The third exhibit is a copy of the schedule of "contributions" of the incorporators, again showing 40% allocated to Eddyjo and Doris J. Elker, acting in their capacity as Officers and Directors of GLOBAL ALLIANCE INVESTMENT ASSOCIATION (GAIA). We will repeat the following facts:

1. All of the expenses incident to the formation of the Foundation were paid by GAIA.
2. The original Registration documents created by the Securities and Exchange Commission remain in the POSSESSION of GAIA.

Public Notice 12/3/03

This action is taken on the advice of counsel pursuant to the following facts:

The debt of Bolivia, Chile, and Peru were assumed by the United States of America pursuant to an act of Congress in 1906. Among that debt was an unredeemed bearer gold certificate (bearer bond) #1392, issued and sold in New York City in 1875. The outstanding debt of the USA was guaranteed by the PRIVATE Federal Reserve System pursuant to the Federal Reserve Act of 1913, which of course included #1392. The bond became the property of Russell Harnan, an associate of George H.W. Bush, in the late 1970s and, in the 1980s is alleged to have been used by Bush and Harnan, being referred to as the "SuperFund". Because of that use, it cannot be repudiated. It was also associated with the Ferdinand Marcos/Ronald Reagan "ARL" program devised to reestablish a worldwide gold-based currency. Because it is payable in gold and is guaranteed by the FED and the owners of the FED, the International Banks, any and all gold held by any of those entities is subject to this lien.

Pursuant to the rules governing Public Notices under the Uniform Commercial Code of the USA and most other nations, this notice will be published in three consecutive issues of a newspaper of wide circulation. Copies of this Notice will be available at any of the three addresses provided above.

PUBLIC NOTICE

DON ESTEBAN BENITEZ TALLANO AND DON
GREGORIO MADRIGAL ACOP FOUNDATION, INC.

This notice hereby invokes Rule 301, Federal Rules of Civil Procedure of the United States and is intended as appropriate judicial notice in any jurisdiction in which it is recorded of public record. If all interested parties fail to rebut any given allegation or matter of law addressed herein, the position will be construed as adequate to requirements of judicial notice, thus preserving fundamental law.

NOTICE OF REBUTTAL OF PRESUMPTION ESTABLISHED BY FALSE PUBLIC NOTICE OF GLOBAL
ALLIANCE INVESTMENT ASSOCIATION AS PUBLISHED MARCH 10, 2004 IN CONTACT
NEWSPAPER; NOTICE OF FRAUDULENT ATTEMPT TO TAKE 40% OF PHILIPPINES GOLD

Eddyjo Ekker, Director of Global Alliance Investment Association (GAIA), caused to be published a certain Public Notice on pages 12-13 of the March 10, 2004 issue of CONTACT newspaper. Copies of these two pages are to be placed on the pages preceding this Notice for ease of reference.

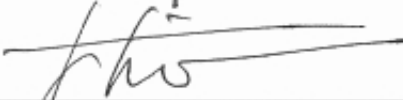

The referenced Public Notice of GAIA is now in controversy for several reasons:

- 1) One of the presented "facts" has been contradicted by the author of the Public Notice, Eddyjo Ekker and should be the subject of estoppel; to wit, Mr. Ekker presented the "fact" that "All of the expenses incident to the formation of the Foundation were paid by GAIA" but in a recent statement before the Board of Trustees of the Don Esteban Benitez Tallano and Don Gregorio Madrigal Acop Foundation, Inc. (Tallano Foundation), Mr. Eddyjo Ekker declared that all of the expenses incurred in funding the Tallano Foundation have been paid by him, personally, and specifically not by GAIA.
- 2) Mr. Ekker presented "EXHIBIT ONE", showing the signatures and thumbprints of himself and his wife, as the valid and prevailing registration document, which he juxtaposed against "EXHIBIT TWO", showing the signature and thumbprint of Julian Morden Tallano along with the signatures of Victoriano Miraflor, Manuel Natividad, Lee San Gabriel and Cenon C. Marcos, making it appear that "EXHIBIT TWO" was a false document. The fact is that the document shown in Mr. Ekker's "EXHIBIT TWO" is the valid document and was filed with the SEC. "EXHIBIT ONE" is a spurious document.
- 3) Mr. Ekker presented "EXHIBIT THREE", showing 20,000 peso contributions by himself and Doris Ekker on page 3 of the registration document, as if it were valid documentation of the initial capitalization of the Tallano Foundation. The real page 3 of the document in point, as filed with the SEC, shows no capitalization pertaining to either Eddyjo Ekker or Doris J. Ekker.

The "facts" as presented in the March 10, 2004 issue of the CONTACT newspaper are FALSE, FRAUDULENT AND MISLEADING, and apparently intended to establish a 40% claim against all of the assets of the Tallano Foundation, worth many trillions of dollars.

Under penalty of perjury, I declare the foregoing to be true to the best of my knowledge this 27th day of March, 2007 at Pasig City, Metro Manila, Republic of the Philippines.

UNABASHED PLEA FOR YOUR SUPPORT

Support can take many forms, beginning and ending with a prayer for all our relations. I have been “put out on the street” in a strange country and “cut off” from funds which should be provided by Global Alliance for my sustenance, so your prayers are definitely appreciated.

If you can contribute monetarily, please contact the undersigned at (702) 940-9858.

We are “there”. All that remains is to determine **YOUR PART IN THIS GRAND PLAY**. For my part, I will continue to contribute 100% of my life energies to “The Mission” as put forth by Commander Gyeorgos Ceres Hatonn through his scribe, “Dharma”.

Sincerely,

Ronald W. Kirzinger

In the face of a lie, present truth if you know it, and let the liar be caught in his own trap which was laid for you.—GCH, 1/6/02
