JULY 1991 VOLUME XIV NUMBER 12

7/14/91 HATONN/-
MICHAEL

SUNDAY

Hatonn present in Radiance. I have petition for allowance to commune with you from Michael. You who personally experience the communion of Michael (some of you call him "Lord" Michael--[Teacher, Master Teacher, Cohan]) know the wondrous perfection of this Being. You also know of his focused devotion to the planet Shan upon which you are experiencing.

Man has always been notably evil toward his fellowman but you are reaching beyond all bounds in allowance of that which is taking place in Afghanistan, Bangladesh and beyond all bounds of decency or imagination, that which is being done by the United States through the United Nations unto Iraq's people. How you can stand by and witness and allow the murder of an entire nation's population through your ghastly sanctions is a mark on mankind which shall never be erased from the recordings of the universe. These are your testing grounds for your placement in the transition unto new and glorious life experience and the entire world, save a few, are failing--actually compounding the probable drastic ending of your

cycle upon Earth Shan.

WHAT ARE YOU DOING ABOUT THIS ATROCIOUSLY DISGRACEFUL TREATMENT OF YOUR BROTHERS? YOU CONTINUE TO ALLOW THIS BASTARD BEAST AND HIS HENCHMEN TO CONTINUE DEATH REIGN UPON THESE INNOCENT PEOPLE AS IF THEY ARE GRAINS OF SAND UPON AN UNUSEFUL BEACH. YOU HAVE NO RIGHT TO INTERJECT YOURSELVES INTO THEIR NATIONAL GOVERNMENTS NOR HAVE YOU ANY BUSINESS TO HAVE YOUR PRESENCE OR OPINIONS UPON THE MATTER OF "HOW" THEY CHOOSE TO LIVE AND FUNCTION. AND THE DEATH SENTENCES CONTINUE TO BE TOSSED OVER THE SHOULDER OF THE "PRESIDENT" WHILE HE DOESN'T EVEN BOTHER TO INTERRUPT HIS GOLF GAME TO SPEAK OF IT. YOU HAVE COME A LONG WAY, BLESSED AMERICA--A LONG AND HEINOUS WAY, INDEED.

TODAY'S CNN **HEADLINE STORY**

The biggie today is a brief mention of a 6.7 earthquake in Afghanistan--does anyone know the importance of that? Have

you, unless you live in Afghanistan, any notion of the horror of such a thing? It hardly bears notice in your media.

But--the private Elite secret and unaccessible playground for the "boy children" of the Elite of the Elite is in focus--the Bohemian Club of Northern California. The point is a small group of objectors to the club and the way it functions. It only allows top Elite from the Club of Rome, Skull and Bones, Illuminati (Reagan, Bush, Kissinger, Nixon, etc., etc.) within the grounds.

It is a place where these ones go on "retreat" and have drinking parties. Ones say, "There shouldn't be need to concern about major decisions being made there because the participants are so drunk while they are there that they wouldn't remember IF they did make important decisions." I warn you, it is a place where downloading of brain contents are transferred--no one is allowed in from the populace, press or TV--NO ONE! If you do not stop this cancer, you have not a hope of surviving these evil terminators.

A reader asked me a most important question regarding "originals" of these duplicates and what of their souls and do

the energy forms continue to witness, etc. Well, let me give you a better picture of how it works. If the "original" is a Godly being--they will have to simply be murdered for they are rarely useful later in duplicated form except for occasional "appearances". The mind must already contain the expectations and capability of evil or the Godliness of the mind being duplicated will carry forth the Godliness for it is simply transfer of that which is in the mind. If Godliness is transferred, the new being will function in a Godly manner which will override the programming for Elite control. Even the duplicates often have to be "put to pasture", i.e., Reagan--and/or "taken-out"--but you will find them only participating in very, very minor ways after usefulness is over.

You ones can continue to say "How could all this have happened?", and it does nothing! IT HAS HAPPENED--EXACTLY ACCORDING TO THOSE PROPHECIES OF THOUSANDS OF YEARS PAST--AND YOU HAVE ALLOWED IT--YOU ARE IN IT!

The noose is so tight your world is all but lifeless and you continue to wring your hands and wail in confused helplessness. It is a helpless time and Dharma, for instance, realizes every writing--that you may very well be experiencing that which is only historical notation of a time of experience that ended in destruction and cataclysmic disaster. She shouts out at me from the bottom of her being--"God, are we but seeing that which has come upon us and that which we relive is that which IS OUR JUDGMENT DAY? Are you but showing us that which WE DID AND ALLOWED DONE UNTO THINE

CREATIONS?--I CAN BEAR NO MORE; IS THIS MY APOCALYPSE? IS THIS MY JUDGMENT FOR THAT WHICH I BROUGHT INTO MANIFESTATION UPON THAT WHICH WAS GIVEN UNTO ME FOR NURTURING? Must I see it? Must I write these things? May I not just be slain and pass away from this confrontation of that which I have done?"

No, ye may NOT! This IS the final JUDGMENT of MAN upon self and IF he returns unto Creator/Creation in TRUTH unto the Law, so shall his placement be wondrous. It will always be JUST and he who continues within the evil practices outside the Truth and Laws of God behavior--HE SHALL LIVE OUT HIS CONSEQUENCES UPON THAT PLACE IN ITS DETERIORATION AND DEATH THROES WITHIN THE ENSLAVEMENT OF EVIL. THERE SHALL NEVER AGAIN BE PEACE UPON SHAN AS YOU KNOW IT OR DEFINE IT! IT BECOMES ONE TO ONE NOW AND INDIVIDUAL INTENT IS CONFRONTED, FOR THE SEPARATION IS WELL UNDER WAY AND IT IS WHAT YOUR SOUL INTENT IS THAT DECIDES THAT WHICH WILL BECOME OF YOUR ENERGY LIFE-STREAM. GOD EXPECTS NOT PERFECTION--ONLY THE INTENT OF EFFORTING AT PERFECTION. THIS IS WHY YOU MUST COME INTO KNOWLEDGE OF THE FUNCTIONING REALIZATION OF THAT WHICH IS CREATION AND GOD OR YOU SHALL BE SWAMPED BY THE TIDAL WAVE OF IGNORANCE WHICH WILL DESTINE YOU, THE INDIVIDUAL, TO CONTINUE TO EXPERIENCE

IN THE HELL OF PHYSICAL MANIFESTATION IN DISCORD AND TREACHERY UNTIL THE LESSONS ARE LEARNED. THERE WILL BE NO FORCE NOR COERCION; DURESS OR COMPULSION. GOD IS MEASURING YOUR PERSONAL GROWTH WITH THAT WHICH YOU ARE OFFERING UNTO HIM IN YOUR INTENT--AT THIS MOMENT! NOT TOMORROW--FOR THERE IS NO TOMORROW IN WHICH TO DECIDE OR ALTER COURSE--YOU ONLY HAVE TODAY.

With every attitude you offer unto me as friend or foe, every denial and every acceptance within, is that which is making your "judgment" at every moment of experience--NOW. What you did yesterday is of no interest to this moment except as it impacts the effects of a cause of that past experience. You are IN the transition and only the placement is in question--ONLY THE PLACEMENT FOR CONTINUING EXPERIENCE. You need not look to the right nor left to see that which another is doing--save to see what is thine own thought projection concerning that action perceived. You are no longer given to even realize that which IS and that which IS NOT--ONLY YOUR RESPONSE TO IT. Are you worthy of God's Kingdom or worthy only of more lessons in the adversary's kingdom? It is up to you--ONLY YOU. Will the masses change into Godliness enough to cause God to change his MIND? That, dear ones, is the point! You are God's thought-forms and you are allowed experience. God sends messengers to show you the way to return unto Godliness so that you can come home--NOW IS THE BRINGING HOME OR DISCIPLINE OF CONTINUED LESSONS

IN HEIGHTENING CHAOS. "AS YOU DO UNTO THE LEAST OF THESE, SO HAVE YE DONE IT UNTO ME!" SO BE IT.

I turn the forum over to Michael and place my blessings upon his petition for you to see and hear that the scales might be removed from your eyes. But before I do, I want you to know a tid-bit regarding duplication via DNA--for "robotoids" and "duplication/synthetics" seems to be the largest "hang-up" point for you readers. I want to share something with you which may bring the capabilities right into your reality.

A headline reads (Sat. July 6, 1991): *From ancient DNA, scientists see way to breed extinct beasts.* Ah so, and how can this be? Exactly as I have explained to you is already perfected ON YOUR PLACE. It is now KNOWN that it is quite simple to simply "hatch" a real live dinosaur, for instance, from a DNA "egg". Let me just touch on the "recipe" for a dinosaur. Find a bead of amber that contains a blood-sucking insect from the age of dinosaurs. Extract genetic material from blood cells of a bitten dinosaur, and amplify DNA with the PCR (to be described) technique. Process and inject this into embryo of an alligator. Wait until it hatches. So, a dinosaur can be recreated through the use of polymerase chain reaction. Dinosaur DNA is replaced or combined with DNA in the eggs of modern amphibians or reptiles and the eggs are then incubated to produce live dinosaurs. This is not only plausible but is done in a mass way today, in secret replication programs mostly dealing with humanoids.

There is a simple device now in use that enlarges DNA and cre-

ates a "template". In about 1985, a really "neat" device was invented and patented by scientists at the Cetus Corp. It is called "Polymerase chain reaction (PCR) analysis". The instrument that amplifies trace quantities of DNA is about the size of a shoe box or a bit smaller.

By cyclically changing the temperature of the contents and by supplying various building-block chemicals, the device splits apart paired strands of corkscrew-shaped DNA molecules and uses each strand as a template to create a new DNA segment.

With each repetition of the procedure the number of identical DNA segments is doubled, and trillions of copies can be rapidly manufactured. The result is that fragments of DNA formerly too small to analyze can now be easily amplified for study.

A feature of the system is that a scientist can select any section of interest from a DNA molecule--say, a single set of genes--and amplify only that portion.

KNOW that this only comes to the public now because the development of such a "box" was leaked in 1985. The system is under manifested perfection for decades. But--it is harder to explain the rebirth of dinosaurs than political personages.

WHY IS THE BANK OF CREDIT AND COM- MERCE INTERNATIONAL IN SUCH POINTED ASSAULT?

Because the IMF and World Bank are bringing all banking and assets of the world under their control and these other banks which have been making money off corruption are repre-

sentative of fragments out of control. Look at WHO is against the BCCI: the Bank of England! So, moving right along, authorities in Luxembourg, the Cayman Islands, the United States, Switzerland, Spain, Canada, and France also moved against BCCI.

The Governor of the Bank of England said evidence indicates that BCCI was loaning money to business executives without expecting to be repaid or was fabricating the existence of loans. This was a major bank, one of the world's largest. The United States backed the bank and helped launder money from Noriega and any others wishing massive laundering of money. The Bank of England ordered (and sent the monarch of England to the U.S. to ensure) the stopping of BCCI activities. Britain's central bank is behind the move and has referred the case to a British prosecuting agency--the "Serious Fraud Office".

BCCI, you see, is registered in Luxembourg and based in ABU DHABI, the largest of the UNITED ARAB EMIRATES. The bank is controlled by the ruler of Abu Dhabi and president of the U.A.E., Sheik Zayed Al Nahayan. THIS is HOW you bring the world--even the wealthy Arabs--into your "coalition" and keep them there! There is no way in which I can tell you how seriously in trouble you of the world are this day! Salu.

MICHAEL TO SPEAK OF IRAQ

I find it all save impossible to speak of this matter. I thank you for forum and service, to hear this petition to you who have any compassion remaining within your breasts. As inspectors move about in Iraq to

search and find that which they choose to condemn--they are astounded and all but speechless at the heinous things they find. There is such massive devastation and agony of a population of an entire nation it is beyond their ability to grasp it. Deliberate genocide of a nation is all they can project for that is what is happening through these "sanctions" of, basically, the United States. You are killing off the Kurds, in addition, through the self-same sanctions while you concomitantly claim to be protecting them. Your nation, America, has no longer any exception to the madness of World domination and destruction in the name of New World Order and Global Control by the Elite Banksters.

I do not know how to cause you to hear me for I am but of the heavenly realms and most of you discount God's hosts while awaiting some "rapture" to clouds, etc. Where is the wisdom of thine own creation? HOW can you be idle and think of ANYTHING other than this monstrous thing you ALLOW to take place? Dharma, I ask you to write that which I shall give unto you from a well-written document--of your Earth authorship from almost two months past but it is well-done. **KNOW THAT THOUSANDS HAVE PERISHED IN THE INTERIM AND MILLIONS WILL PERISH BEFORE YOU CAUSE THIS INSANE GOVERNMENT TO CEASE AND DESIST WITH THIS SLAUGHTER. I, MICHAEL, APPEAL UNTO YOU OF EARTH WHICH IS MY BELOVED PLACE OF SERVICE, TO RESPOND AND STOP THIS EVIL.**

You must act NOW for your final enslavement orders are being written and presented for implementation at this thing you

call a G-7 Summit of economic world leaders. They are the slave-master and you are the puppets. This might well be considered the historical recordings of "that which WAS". What do ye about these things?

Face your plight. Do you see your world getting better? They tell you that your world is getting better; is it? Is your life better? Are you happy? Is there stability and joy within your families? Your nation? What are the values of your children? How can they be other than that which you are? Do you see great joy and success in their futures? What of your own? Ah, Dharma, allow me not to become distracted for the subjects are so numerous that I would write a hundred JOURNALS and not touch of them all. You must realize, chelas, that your nation (whichever is your nation) is not that of its Elite--there are citizens in all nations and you seem to forget as much. If you will have world community (not One World Order) you will join unto one another and throw off this beast set upon you. What I will give you was written by one John Pilger and the article first appeared in England toward the end of May. This man, as have Dharma and other speakers for Truth, has brought down on his own head the fury of the intelligence establishment of his native country--but **WHAT IS WORTH LIVING FOR IF IT NOT BE TRUTH AND FREEDOM???**

The topic heading of Mr. Pilger is:

**ANOTHER REALITY--WHY
DON'T WE HEAR ABOUT
WHAT IS HAPPENING
IN IRAQ?**

Quote:

There is an epic shamelessness about the symmetry of current, imperial events. An honorary knighthood is hand delivered by the Queen to General Schwarzkopf while his victims, mostly young children, continue to die in their thousands in Iraq, in conditions described by the United Nations as "near apocalyptic".

Certainly, the general's most enduring achievements ought not to go unrecognized. On May 11, the former U.S. Attorney General, Ramsey Clark, set up an international commission of inquiry and war crimes tribunal, which will investigate what was really done in the Gulf, as opposed to the version represented by "the artifices of media images and the cant of politicians". Not surprisingly, the Ramsey Clark commission has been all but ignored by the media. As the evidence unfolds over the coming months, it may be difficult to ignore. Ramsey Clark distinguished himself as America's chief law officer under President Johnson. He is an authority on the prosecution of war crimes and believes the law is not as vague in that area as it is often presumed. The Clark commission will concentrate on the body of international law codified in the 1977 Geneva Protocols additional to the Geneva Convention of Aug. 12, 1949, which expressly prohibits attacks on "objects indispensable to the survival of the civilian population, such as foodstuffs, agricultural areas...crops, livestock, drinking water installations and supplies and irrigation works." Article 56 states that "dams, dykes and nuclear electrical generating stations **shall not be made the object of attack, even where these objects are military objectives, if such an attack may cause the release of dangerous forces and consequent severe losses**

among the civilian population...."

In the announcement of its formation the commission noted that there is **"abundant *prima facie* evidence to support the allegation of war crimes...the U.S. Air Force between Jan. 16 and Feb. 27 carried out the most sophisticated and violent air assault in history against a virtually defenseless people. A deliberate policy of bombing civilians and civilian life-sustaining facilities has resulted in the destruction of the Iraqi economy and urban infrastructure."** The evidence will draw on a range of sources, including the report of an investigating team commissioned by the U.N. secretary general which says that, due to the bombing, "Iraq has, for some time to come, been relegated to the pre-industrial age" and left in a "near apocalyptic state" with "even sewage treatment and purifying plants brought to a virtual standstill".

We have had only glimpses of this "near apocalyptic state", notably in the *NSS* and the *Guardian*. The suffering of the majority of the Iraqi people, like the true nature of the war, or "turkey shoot", has been suppressed. There has been only one indelible image of the war's horror: a photograph published in the *Observer* of an Iraqi petrified in death on the Basra road. According to the Clark commission, between 150,000 and 300,00 Iraqis were killed (on that road); yet we are left with just this one icon.

Why? Why have we not seen a single frame of film of the Iraqi trenches after they were cluster-bombed and napalmed? Why have we not seen the bulldozing of bodies into mass graves? This latter image is the one that those who prose-

cuted the war fear most.

They know it will evoke the memory of bodies bulldozed into pits in the Nazi concentration camps. Official film no doubt exists. Will it go the way of the official film of what was done to the people of Hiroshima? This record was hurriedly consigned to the Pentagon and classified "secret" for 23 years.

Were we now to view such horrors of the "famous victory", we might understand that the bodies in the pits were mostly Kurds and Shias, who were slaughtered not by Saddam Hussein as they scaled mountains, but by the "allies" as they tried to get away. We might understand that the Kurds have been a useful propaganda distraction for the U.S. and British governments, who killed most in the Gulf and with impunity. Witness John Major's "irritation" with and "blunt letter" to the U.N. about speeding up humanitarian aid to the Kurds. Thatcher's Sir Bernard would have been proud of that one. On May 4, the United Nations High Commission for Refugees called Major's bluff by disclosing that the U.N. had been "starved" of funds for the Kurds and that the British government had given a derisory 95,000 Pounds--compared with Germany's \$20 million. Britain has since modestly increased its share and the Overseas Development Ministry has been instructed to concentrate on the "safe havens", to the detriment of the rest of Iraq.

"Do we even care," wrote Linda Schabedly, in the *Guardian* letters column, "about the other version of reality that exists beyond the artifices of media images and the cant of politicians?" It is a central question, to which the answer is

that a great many people do care but are denied the "other version of reality", just as they were denied it during the war itself. Through the narrow focus of those supportive and protective of the state, the caring and the complex misgivings of the public are trivialized or silenced.

Maintaining this one version is essential to British policy in the region, with its sub-imperial posturing by a latterday Lord Palmerston, who began his ministerial life at the Foreign Office by traveling to Baghdad as a "top-level salesman" of weapons to Saddam Hussein. Many people must now wonder if they can believe a government that cannot even tell the truth about the "friendly fire" deaths of nine British servicemen. Yet the Ministry of Defense used the "feelings of families" to justify much of its draconian censorship during the war. Where truth has emerged, it has come from those who are driven by humanitarian concerns, who assume no obligation to side with the state. This is especially true of certain voluntary aid organizations, like Oxfam.

Last week I wrote here about the Charity Commission's censuring of Oxfam as "too political". This has had the effect of gagging Oxfam on the human disaster in Iraq, now exacerbated by sanctions. Even before the Commission's report Oxfam was threatened by the Department of Trade and Industry--together with other "exporting companies"--that "breaching sanctions is a serious offense" for which "the maximum penalty is up to seven years' imprisonment or an unlimited fine or both." The threat was repeated just before Oxfam's team left for Iraq in March. [*You ones must come to know now, that the PHOENIX JOURNALS AND EXPRESSES*

are now placed side by side with those organizations as being the most censured by the Elite--even in England!]

It was immediately clear to the Oxfam team, on arrival in Iraq, that sanctions must be partially lifted if tens of thousands of people were to survive; contamination of water alone is decimating young children. With the Save the Children Fund, Oxfam reported that Baghdad had no uncontaminated running water; no refrigeration, no fuel, and no food processing. "The unavailability of powdered milk", says the report, "spells nutritional and health disaster for children...the spread of diseases such as cholera and typhoid in the present conditions is inevitable."

U.N. Resolution 661, passed on Aug. 6 last year, stated that the following items are exempt from sanctions: **"supplies considered strictly for medical purposes and humanitarian food stuffs."** As Dr. Eric Hoskins of the Gulf Peace Team has graphically pointed out, this resolution has been disregarded and, "Iraqi civilians have been dying of starvation and disease in their thousands...because of lack of basic food and medicines...never before in history has a government been prohibited from purchasing and importing food and medicine for its own people."

What is clear is that the sanctions committee of the Security Council operates ineffectively, if at all; and that it is dominated by governments in no hurry to restore the framework of civilized life in Iraq. Oxfam believes sanctions at least should be eased; yet even though Oxfam has a mandate to inform and educate people about causes, perhaps for the first time the agency dares not speak

out for fear of being labeled "political" and being ordered to reimburse large sums. The superb Oxfam book, *Punishing the Poor*, and other publications are "under review".

The Charity Commission's report is quite scandalous. Not only does it substantially rely, as I reported last week, on extremist lobby groups for much of its information--such as the American-funded, far right International Freedom Foundation--but a careful scrutiny of the language of the report raises other serious questions. For example, in the main body of the report there is this statement: "Some of the evidence to the enquiry indicates that grants have been made (by Oxfam) to clearly non-charitable bodies, including partisan political groups or for non-charitable purposes. Other evidence appears to indicate that Oxfam takes sides in political controversies within foreign countries."

Now compare those highly qualified words with this indictment by David Forrest, secretary to the Commission, in a letter to Mary Cherr, chair of Oxfam's Trust, which was released alongside the report. "Some of the evidence to the enquiry", wrote Forrest, "shows that grants have been made and other evidence *makes it clear* that Oxfam has taken sides in political controversies." Where are his certainties borne out in the report itself? Yet this is the spirit of a punitive indictment leveled against an organization with an impeccable record.

Oxfam has been denied natural justice. It has not seen or had the opportunity to comment on any of the commission's "evidence"; yet the organization, and by implication its work, stands condemned for it.

Also, while much of the evidence is the result of a letter-writing campaign by special interest groups, Oxfam is unable to rally its millions of supporters among the public for support. That, of course, would be "too political".

So I am hereby launching such an appeal. I urge readers to write--not to me--but to the Secretary, the Charity Commission, St. Alban's House, 57-60 Haymarket, London SW1, or telephone him on 071 210 4420. Ask for the evidence and sources of the accusations against Oxfam, and do not be fobbed off. I also suggest that readers write to their MPs, and to John Major and Neil Kinnock. Oxfam needs the help of those from whom it draws its strength, just as the discarded people of Iraq urgently need Oxfam's skills and voice.

End Quoting.

DESERT STORM II

Please print the "cartoon" regarding this subject within this document. (See back page) It is on schedule--right now. Everything is staged and set--in Israel--for the attack. Worse, it has to be pulled off before Saddam can provide enough to show the world that the evil ones are not him. They must act quickly to continue the blasphemous lies about who is boring this world catastrophe. You see, Iraq is an example to all who will not come within the control of the New World Elite--it has nothing to do with anything else.

You of America just celebrated the 4th of July (Independence from England) and now you go to war, plan war, pile corruption upon corruption for England and her Bankers. How long you have believed the lies

while the termites destroyed your foundation and wiped away your freedoms.

Worse, all the while you destroy a nation--you aid and abet the destruction of others, i.e., Palestine and Lebanon. Shamir and Sharon of Israel laugh at you, America, and demand more and more funds (which you give them) to continue to absorb other nations and people in equally as heinous a manner--by destroying the population of people in their own nations.

From a paper called the *Louisville Courier-Journal* comes a bit of a small piece but it is widespread and open knowledge in truth--because these same two people mentioned before, have stated and restated intent to build in these places wherein "if they built there--funding would not be allowed". They have the funding and you give them more and more and more and they continue without interruption or intent to even slow the building.

ISRAEL'S UNSETTLING SETTLEMENTS CONTINUE

....Israel has confiscated more than 30,000 acres in the West Bank in the past three months. That's nearly double the amount confiscated during all of 1990. And what the government doesn't confiscate, Jewish settlers are seizing at gunpoint.

Shamir seems confident the aid will flow, no matter how often he thumbs his nose at Washington. Maybe he's right. But we hope that Congress will recognize that unconditional aid to the Shamir government isn't in Israel's best interest--or America's.

Now for you so-called "Jews" who denounce this Truth and pounce upon our workers--you had best listen up! The struggle is WHO will control the United States in order to pull off one world control. The basic power foundation may well have some "Jewish" figures aboard--**BUT THE FUNDAMENTAL HATE IS DIRECTED AT ISRAEL.** The courting of Israel by the Elite is to continue to get exactly that which they need in the areas of the Middle East to pull down the world through wars and criminal actions. That which is recognized as Israel will be blown away as soon as the Elite Banksters get what they are after--and this may or may not include a single so-called "Jew". It certainly will NOT include any "Judean Hebrews".

I must return to the subject of genocide in Iraq for if you ones allow this horror to come upon your conscience as a massive thought-manifestation--it will scar the consciousness of an entire planet for all eternity.

The mass murder of millions of Iraqis through famine and epidemic continues to be the Bush administration policy. This is now shown by both U.S. and Iraqi officials as well as by independent medical observers. Therefore, it **MUST** be classified as intentional genocide for political and economic purposes. To ensure that millions die, the Bush administration is continuing to enforce economic sanctions against Iraq, forbidding the importation of desperately needed food and medicine and the spare parts necessary even to ensure that the sewage system can be made to function.

Speaking to the Washington press corps on June 3, State Department spokes-person Margaret Tutweiler **reiterated the Bush policy: that there will be**

"no change" in imposing these sanctions until Saddam Hussein is out of power.

A week earlier, Tutweiler acknowledged receiving a Harvard Medical School Team special report which showed that cholera and typhoid are reaching out-of-control epidemic proportions in Iraq, and that at least 170,000 children are certain to die within the next weeks as a result of just the sanctions in "this war".

The American-led coalition is destroying Iraq. It has simply reduced Iraq to a gigantic concentration camp. Hitler's camps would be child's play to what the American-led coalition is doing to Iraq. Over 6 million people will surely die from this assault on humanity--if you are in the comparing of numbers of slain. There are cities, including Nasariya, which is the very birthplace of the father of the prophet, Abraham, floating on a lake of raw sewage and filthy disease-ridden water. There are many cities like that in Iraq--for it was the cities that were targeted--not the military installations, as you of the world were told. The infrastructures of cities and towns were deliberately destroyed along with milk factories and food supply centers to conclude in this very situation. How does the world react to all these edicts which come forth from your President to be sent forth from "vacation" spots, golf courses and limousines of massive luxury? ALL the media pictures of continuing living of any manner of "style" by Saddam are total lies. The pile of lies are burying you as surely as you breathe.

The cities themselves, are in shambles and roads are totally blocked by garbage for there is not way to tend of it--not even carry it away. This is present-

ing epidemics which will destroy the whole Iraqi people--including the Kurds of the area.

Your own medical teams estimate a minimum of 170,000 children under 5-years-of-age will die within months as a result of this insult to humanity. Iraq can produce less than 22% of its pre-war power production and the plans are for the coalition to bomb any remaining power producing facilities under the guise and facade of "possible nuclear installations". There is, therefore, no power to produce refrigeration to even maintain quality in the medicines which are available. There is no power for the hospitals. The milk processing plants were completely destroyed by multiple bombings targeting them directly, time after time. You tout your "precision bombing" and "surgical accuracy" so you now tell me how this could happen, that a nation can be destroyed and cities shattered and yet the very military installations and facilities you "claimed" to have "surgically and accurately precision bombed" survive?

In Baghdad, a city of over 3 million, over half the sewage is totally untreated with no way to repair the treatment facilities--you "surgically and precisely" destroyed the power plants and sewage treatment centers. Consequently, raw sewage is being dumped directly into the Tigris River, polluting the only drinking water of the millions of people who live downstream. Cholera and typhoid fever have broken out, while famine has become a deliberate side-effect.

Even the Chaldean rite of the Roman Catholic Church in Iraq petitioned for sanity. Father Philip Najim, the secretary to Patriarch Bidawid, reported on a fact-finding mission to Iraq

which corroborated all the things given here. Najim was addressing an emergency press conference, in the German capital of Bonn, of the recently established Committee to save the children of Iraq. Where are YOU, AMERICA?

He said that it is vital to life to lift the sanctions. He recounted how he had seen many journalists and people coming with humanitarian aid, having their pictures taken, and going back home to say, "We were in Iraq", but complained that no one is forcing the lifting of the embargo. No matter how much aid is delivered, even tens of thousands of tons, it will never be enough to sustain a population of 18 million.

"Besides, even if the embargo is lifted, what will the future look like for the country?" he asked. "The Bush administration policy was and is to destroy Iraq, its culture, its economy and its science. They saw Iraq advance to a certain stage, and wanted to stop it." The truth of the war and the subsequent U.S.-inspired civil war, he said, is that "Bush wanted to destroy the country, and he bombed the mosques, the schools, the hospitals, the homes, even the Baghdad Museum."

Najim also reported on the appearance of a new children's disease in Iraq, characterized by bloated stomach, which is caused by the fact that desperate mothers feed their children the white water in which rice has been soaked. One hundred-fifty-thousand cases of this new disease have been recorded so far.

Father Najim's account was corroborated by Dr. Said Azzau, speaking for the International Physicians for the prevention of Nuclear War, who appeared at

the same press conference. Azzau had also recently been in Iraq on an IPPNW fact-finding mission.

Azzau reported that the "surgical bombings" destroyed infrastructure, utterly paralyzed the health system, and made it impossible to store blood, medicine, or vaccines; to perform operations; or even to provide dialysis treatment. Anything requiring electricity is unavailable, he said.

Azzau stressed that Iraq has numerous, extremely highly qualified doctors, but no equipment or medicines. Cholera, typhoid, and other diarrheal diseases have assumed epidemic proportions, with "hundreds, even thousands of children dying every day." Between 170,000 and 400,000 children will die within this year, unless the embargo is lifted, he said. Where are you, America?

"Iraq does not want or need charity," he said, "they want to be able to work and produce and trade". Seventy to 80% of the population is now unemployed as a result of the bombing raids against civilian infrastructure. Even those working have insufficient funds to provide for their families due to massive inflation caused by the war and 10 months of embargo and sanctions. For example, even professionals who earn 150 dinars a month are scrounging to provide for their families, since meat costs 16 dinars a kilo and milk 14 dinars.

Azzau concluded, "If politicians ask about the effects of the embargo, they should be told this is genocide against innocent children. What we are facing is a moral issue, not a political one, and if the politicians have no morality left, then they should abdicate."

Big chance of that, for they are in office because they have no morality.

The logical response of you readers and the masses is that, "This cannot be or we would have known it." No, you would not have known it and it continues to be countered with bits of disinformation regarding any information which might slip through to you. They don't even bother to hide the more blatant facts from you because they are closing down on your freedoms to the point that they do not have to answer to you--they control you like the puppet you have become and shackle you with the bindings of rules they have taken and made while taking away your Constitution. They will have it all done and over when they get all your guns and they are going to do that very, very soon, indeed.

By the way--you may as well know that there is such erratic behavior coming from Bush that the Eastern Establishment is already preparing for Post-Bush activities. Don't you think that is interesting?

Hatonn asks me to relate some "good news"/"bad news" to you readers. The good news is that the 5,000 tons of gold which will be handled through London--is all purchased up already by the moneyholders--at a price of nearly \$370 an ounce to keep the price stable and to "utilize as collateral". (It might be good if you ones REALLY LISTENED TO HATONN'S ADVICE). This means there is an attempt to hold the dollar stable a while longer and high against foreign currency and keep the price of gold from bottoming. Now, the bad news is that there is not just 5,000 tons of gold to be purchased--there is over 12,000 tons all packed and ready to

market through the same source. Sleep well, World.

NATO

Now, to make your day--hit and run. I am going to share another bomb and then I will have to go for I have overstayed my welcome. Again, it is easier if I just dictate from human resource for your better understanding of circumstances.

NATO IS TO BE EXTENDED INTO THE MIDEAST

Quote:

Developments over the last week of May show that Operation Desert Storm, and the continuing destruction of Iraq through sanctions, are intended by the Anglo-American policymakers to extend NATO into the Middle East, with Israel as its main base of operations.

On May 29, President George Bush proclaimed another postwar mideast initiative in an address before the U.S. Air Force Academy in Colorado Springs, Colorado. His plan would impose a ban on the sale of weapons of mass destruction to the region--a policy designed to leave Israel as the unchallengeable regional power. The day prior to the address, a NATO meeting in Brussels adopted a U.S. proposal to form a British-run Rapid Reaction Corps, for use in the NATO area "from Norway to Turkey", but also undoubtedly for "out-of-area" deployments in the Middle East and Africa. On May 31, U.S. Defense Secretary Richard Cheney announced in Israel that the U.S. would be "pre-positioning" undisclosed U.S. war material in Israel for "regional use."

The idea of using the Anglo-

American puppet state of Israel as the basis for NATO domination of the Middle East is an old one. In 1986, the Reagan-Bush administration commissioned a strategic study entitled "Discriminate Deterrence", which advocated extending NATO into the Mideast with Israel as its anchor. The proposal to upgrade the U.S. strategic relationship with Israel, and the related idea of using it as a depot for NATO war materiel, was a central plank in Bush's 1988 presidential campaign platform.

GUTTING ARAB DEFENSES

In his Air Force Academy address, Bush warned that "weapons proliferation" in the Mideast has become "dangerous", and proposed that the world's five largest weapons suppliers--the United States, Britain, France, Soviet Union and China (in other words, the United Nations Government)--curb their sales of conventional arms to the region. These five states, which are also the permanent members of the UN Security Council, coordinated the recent obliteration of Iraq. Bush also called for a freeze on the sale of short-term missiles to countries in the region, and the imposition of a ban on the regional production of weapons-grade uranium and poison gas.

The reality behind such professed concerns for peace is the following: Israel already has some 50-100 nuclear bombs; the technology to produce them was supplied by the United States, France, and Britain. Israel also has massive regional superiority in chemical and biological weapons, and the ability to deliver them, for the same reasons. Last fall, the United States sold Israel a Cray super-computer, to allow it to design a nuclear bomb in the 50-megaton

range.

No Arab state has a nuclear bomb, and, in fact, every major Arab state has signed the Nuclear Non-Proliferation Treaty--unlike Israel. A freeze on conventional arms development, in this context, would leave Israel unchallengeable.

Simultaneous with the Bush proposal, Defense Secretary Cheney traveled to Israel to announce a new arms package. The U.S. will fund almost all of Israel's \$300 million Arrow missile development program, to give Israel the capability to shoot down whatever missile the Arabs might possess. As the recent war with Iraq showed, the Scuds are hardly top-of-the-line. Moreover, some \$700 million of extra weapons authorized by Congress after the Iraqi invasion of Kuwait will soon be delivered.

More importantly, Cheney also announced that the U.S. has already begun to pre-position undisclosed arms in hardened bunkers in Israel, supposedly exclusively under U.S. control.

Claiming that the arrangement did not contradict Bush's disarmament plan, Cheney told the Israeli press, "There is nothing inconsistent with, on the one hand, saying that we are interested in pursuing arms control, and on the other hand providing for legitimate security requirements." Although the U.S. has refused to disclose what materiel is being prepositioned, various regional sources project that it includes nuclear weapons and related capabilities.

A NEW WAR?

Meanwhile, the much-discussed postwar regional security

arrangement, which involves Egypt, Syria, the Gulf states, and the United States--but not Israel--is falling apart. In May, Washington quietly ordered Egypt and Syria to pull their troops out of Saudi Arabia. This withdrawal was depicted in the press as a sovereign Egyptian decision--to preserve the illusion that the U.S. still needs or wants "brown" troops.

Instead of relying on these troops, the U.S. will be setting up a naval base in tiny Bahrain (Where the Bush's have a son entrenched) in the Persian Gulf, linked up with its Diego Garcia naval base in the Indian Ocean. These U.S. bases, *together with ISRAEL*--and no Arab army--will be the centers of U.S. power in the region.

If Israel goes to war with the inferior forces of Syria, as the U.S. is planning, or if Egypt is destabilized by an assassination of President Hosni Mubarak (*WHICH THE U.S. IS ALSO PLANNING*), there will be nothing left in the region which could constrain the Anglo-American Israeli puppet state.

BANGLADESH

One last notation regarding that pathetic little piece of devastation--Bangladesh.

Bangladesh, which was recently devastated by a cyclone, is not suffering from its population growth as touted, but from the after-effects of **BRITISH COLONIALISM** [just what is intended for Iraq and the other nations of the Arab world].

The facade is projected as an alleged "nuclear over-population bomb". No, Bengal was one of the culturally most developed and richest regions in the world. Bengali scientists invented the

decimal system, on which all modern mathematics is based. That system was brought to the rest of the world 1,200 years ago by Arab scientists and merchants, who always spoke of "golden Bengal".

The country has been exposed to impoverishment for the past two centuries. In 1765, the British East India Company acquired the privilege of tax-collection from the local Mogul; there is no question that this launched one of the darkest periods of European colonial history. Bengal was plundered in a matter of a few decades, while London turned into the richest city of the world, thanks to the East Indian treasurers. Thus England became the motherland of modern industrial capitalism.

Bengal has not recovered from this exploitation to this date. That is why Bangladesh is the charnel-house of Asia, not the lack of anti-birth programs, but the lack of investments in "hygienic measures, food programs for newborn children, job creation, and support of the elderly". That is the real problem of Bangladesh. Population explosions are only devastating effects of a program of destruction. In this instance it is truly an undersupply of food, in a region that has the same geological structure as the Netherlands and could be as rich, but has an underdeveloped infrastructure and no way to build a better way. To prevent such rebuilding, there is continual attack through weather-control methods and infiltration of military into new sites close to China--under the guise of "assistance" during and after these devastating "natural" disasters.

I could go on for pages and pages, but I have overextended that which was offered unto me,

at any accounting.

Thank you for giving me hearing for I wish so desperately that you would awaken lest the opportunity of change passes you by. May God have Mercy and walk with you that you may be given into the understanding of that which IS.

Michael to take leave, though I leave the Peace within which comes of KNOWING GOD. Blessed be ye who KNOW GOD.

ATON (GOD) gives us a very
special 28 page introduction in
this 33rd book of our
PHOENIX JOURNAL series.

This book is a very special
book for it tells us the minute
details of what radiating atoms
really are (NOT WHAT MOST
OF OUR SCIENTISTS HAVE
BEEN TELLING US) and why
in particular certain atoms are to
be left in their natural state
within the ground or we and **all
living things on this planet will
die** as a result of our violating
nature's processes of preparing
a planet for life as we know it.

Germain tells us of several ac-
tual nuclear plant meltdowns
and how the hosts (stationed in
star-ships above us) brought
them under control to save Earth
from destruction, WHILE
**RISKING THEIR OWN DE-
STRUCTION.**

GERMAIN ALSO EXPLAINS IN DETAIL THE SUPREME MYSTERY OF LIFE AND DEATH, AND DEFINES GOD IN DETAIL.

The nuclear contamination
problem is detailed and our
**only method of solving the
problem is given.**

Included in this book are several

GOD SAID: LET THERE BE LIGHT

AND CREATION BECAME PLEIADES CONNECTION VOL. II

By Gyeorgos Ceres Hatonn

The thought of God is LIGHT.

LIGHT is all there is. ALL
springs from, and returns to,
LIGHT, the thought of God.

The "War in Heaven for Men's
souls" between God and Lu-
cifer, the Light and the dark
forces, cannot be comprehended
without an understanding of the
"physics" of the Universe.

Returning to God requires rising
above the physical so dark
forces' thrust is ever to ensnare
man in the physical, fleshly,
"things" of "wealth" and
"power" through man's ego.

Shedding our attachments to
those physical things, and
"highs" associated with sex,
drugs, alcohol, thrill/life-risking
sports (including war), etc., re-
quires KNOWING that there is
more--something better.

This book, a primer, provides
the basic understanding of what
we are, where we come from
and return to, why we are where
we are and for what, and how to
get the most from this experi-
ence.

And, it will help you begin to
free yourself from the density
and negativity of this experience
to take that next step to your
oneness with GOD/ATON, the
ONE LIGHT.

on critical National and World
Events.
