AUGUST 1991 VOLUME XV NUMBER 5

**8/7/91 GERMAIN
WEDNESDAY**

Germain present in the Mighty I AM, in the three-fold flame of transmutation. I would ask that this response be allowed the sharing after permission is granted, of course. Names can be deleted or changed according to requests. I do not, however, see need for such for the inquiry comes from a humble and beseeching heart and all of you who receive this are asking the self-same questions. To save writing time for my scribe, please make a copy of the letter and return with the document. The letter can be shared or not, according to Penny's wishes.

I am going to respond in an order out of sequence with the petition for I want to point out several things not contained in the message and most likely already made clear in your mind. I respond to the petition--not to this keyboard. If Penny had been able, at the meeting in which we spoke of these things, to ask more response from me--I would not write in this manner at all. I do, however, welcome the opportunity to reply to confusing quandaries regarding the path home. Actually, Penny is only distressed because it was necessary for her to sit and pen the "problem" which caused lack of rest--we cannot leave you without utilizing tools given for "problem solution". It is necessary that you who will guide and teach--insist

that your students utilize the tools presented and in that, you can be allowed to do no less.

Every step of EVERY JOURNEY needed to this point, to be exactly as it has been. You may not allow yourself to look upon ANY EXPERIENCE as unnecessary, and NEVER as "WRONG".

Let us clear away a misconception before progressing for in taking a thing out of context or without benefit of full input--you cannot discern meaning of statements. I must re-state a very, very important FACT. This "team" is NOT A MEETING PLACE FOR THOSE JUST SEEKING THEIR PATHWAY--YOU ONES ARE THE ONES WHO WILL SEE THIS CYCLE THROUGH--YOU AND YOUR OFFSPRING. THIS IS NOT A SEMINAR COURSE WHICH WILL POOF, AND PASS AWAY--THIS IS PARTICIPATION IN WHICH YOU GLEAN THE GOOD, BAD, EVIL AND PERFECTION--SORT IT AND DISCARD THAT WHICH IS NO LONGER USEFUL--NEVER DO YOU DISCARD THAT WHICH IS TRUTH AND GUIDANCE.

My statement regarding "The Course in Miracles" was a direct reply to Desiree's question. Desiree has grown into receiving and writing for the Master Teacher who gave forth the course in the first place--it is NOT kindergarten

study for ones coming into factual truth on the path--it is NOT THAT FROM WHICH DESIREE WOULD GLEAN FURTHER KNOWLEDGE. I will not, nor will Hatonn or any other speaker to this group, waste time by treating you as THE kindergarten child. If new ones join the group--they will have to catch up their past lessons from the JOURNALS and the work already given for we must move and we cannot get stalled out with each visitor who wants to catch up without any effort nor study.

Some of you are far more advanced than you realize and the setting will seem immediately appropriate. But you will have missed the sessions in which you are told these specific things. You will have missed the sessions wherein Hatonn says to the guests, "...you are welcome to sit with us but do not expect to understand it all for that is for you to 'catch-up';, our only purpose is in WORK and bringing forth the WORD and attending a 'remnant'. We do not have catch-up sessions as such for that was all covered in prior material as we trained our scribe. We have no meetings for entertainment or 'personal' growth as such except as to allow our team to come into unity enough to function well. The elders then must assist the newcomers until the materials are absorbed and understood."

This is why, Penny, I won't an-

swer some of your inquiries in this printed format, for some is your own personal and precious understanding and this scribe has no business being the conduit--to one with whom I already commune constantly. This is your confusion, precious, not in communication--only in working intent. Each group serves a greatly different purpose in the tapestry and each ONE serves a differing portion within each "group". For instance, what might have been a focal point of service for you, personally, in another setting will be changed by the circumstances. You, for instance, are expecting a most important child--you will be protected from overload and as much stress as is possible in this time of chaos--that the child might have every opportunity to grow in Truth and into its own service.

You would not have made this transition to this placement had I not pushed and shoved--it is only the full understanding of WHY and HOW that concerns you--that perchance you erred. Errors in perception are based upon fear of making another error similar to ones in which lessons should have been learned in the first one. But you cannot turn off God--for the timing of a prior action may be all that is lacking--or, in this instance: "Will you hear the voice reaching out behind the barrier of human consciousness?"

Now, please understand another thing--the I AM Activity of which you speak--is valid, it was MY voice--UNTIL men decided to turn it into an organization run by MAN. Does this make the teachings untrue? Nay, it only shows that Man in his consciousness is ALWAYS touched by the physical, the largest of which is ego, and structure is introduced according to opinion or vote or perception (opinion), etc. It becomes of the "physical", no more and no less.

Let us deal for just a moment with

Ascension. If ones are not most careful and especially after a generation or two passes--things are misinterpreted. For instance, yes, I can, did and do ascend and descend. Exactly what does that mean? It means that I know the LAWS OF THE UNIVERSAL WORKINGS AND CAN USE THEM--NO MORE AND NO LESS. Were I not a Godly person I could still use them and that is what "magic" is. It seems very important to the physical being to take that old worn out body with you to "somewhere out there". That is the very LAST thing one of Truth in KNOWING would take with him. So, the very teaching of bodily Ascension is in error for the masses for that which is meant and that which is received are totally in opposition. The only reason that the Christos, for instance, would appear in a physical image is solely for recognition to those who would not be advanced enough to simply recognize the energy. If they cannot accept the energy--no amount of physical appearance would work anyway. Let me example--say, I write here at this keyboard--DO YOU KNOW THAT I AM NOT DHARMA, HAVING FOUND IT SUITABLE TO APPEAR AS SHE? WHAT ABOUT GEORGE GREEN? OBERLI--RUSSELL? What you MUST learn to KNOW is that, in fact, I very often do exactly that for--in the whole of it--all is ONE!

"Oh," you might say, "but you cannot be George for he speaks an error from time to time!" So?? If I present in human physical format--I am what I AM!

Now you may be able to better see that which I am outlaying right now in the JOURNALS--the TRUTH of what exactly is God and what is the Universe and HOW it works. We have to take every opportunity with you who are our closest working proximity and see if we can reach through to you after eons of false input. Do you

see, even if in error (as you might perceive it)--GOD IS PERFECTION. He needs not ascend, descend or wink at you. EVERYTHING YOU PERCEIVE AND JUDGE MUST BE JUDGED BY THE GUIDELINES OF THE LAWS GIVEN FORTH FOR YOUR DISCERNING. If you are nudged to do a thing--say, as you mention, to come to this location. Share, "sleep" on it in the presence of God with sincere petition for clarity, measure it against ALL the laws (not just the ones you like), see if the move is feasible, see if the location "feels" right, and you will not go astray. This requires great understanding of the Laws for self and not just tag along after a "speaker"--for THAT is very often the testing lesson--"Will you just follow anyone or thing who proclaims to be of Truth?" I.e., suppose I speak through Dharma and say, "Go to the highest point of the mountain and wait for me." Who will hop up and go and who will not be so foolish--just because she said it? It is up to her to clear her space and allow no darkness within--but she is NOT TO DO IT FOR YOU. Neither is she to tamper with our plan and testing for another in the room. She would come forth after making a statement like that and I promise you, that without measuring every action and word, she would discard the idea. You are expected to act instantly and, believe me, when the big moment of "instant" response is needed YOU WILL KNOW! UNTIL THEN YOU ARE EXPECTED TO STUDY AND DISCERN WITH EVERY FACET OF INFORMATION GIVEN UNTO YOU. Check every command against the listings of "clues" which have been given unto you and if it fails any ONE of them--look very cautiously indeed. Now, as to going to the highest mountain peak and waiting for me. Would I actually be apt to ask you to do that with nothing more than "because I said so?" NOT ON YOUR LITTLE PINKY! You

would be expected to know all that I have given you prior to that request and check it out within self to make sure it is correctly received. Dharma's mouth is not your command.

Let us leave that for a moment and consider "placement". All ones have preconceived notions of possible service and participation. Now, let us assume that you go to a place wherein I have no other speaker of prior placement. Then you will need to respond and do that which you are given. When you join a team which is already making movement in a direction and the Truth is apparent--you must await directions. It does not mean that you are even in error of the nudges--it means that you are beginning to receive and focus purpose. It is the scattering of energy in differing practices which must be avoided. I wish my own teachers to give forth that which I GIVE, not the tools of Silva Mind Control or Gil Boyne or Ted Oslanderburg. In this immediate instance, until I get the Truth into print (for this is THE working explanation of the Universe) not given forth before in its fullness for only now is this civilization of MAN even nearly capable of understanding, I ask that ones hold in patience and ongoing study of MY METHODS before we open up unto more confusion.

The reason I do not even like to speak of Silva Mind Control is exactly that--Mind Control. I understand what "they" tell you about it. But the facts are, the methods utilized for self-growth in communication with the God of Light is not the intent! It is the full intent--TO CONTROL--ANOTHER!! It is subtle in projection in layout to you unsuspecting ones but it is geared directly to the expansion of the "physical" and the focus becomes on the "physical" of the One involved playing directly into the intent of greed. This, too, however, does not mean that all within

the teachings are evil--but one must discern. You, perhaps, gained only GOOD from the experience--I promise you that that one expensive group of robbers has done damage beyond the counting to thousands of unsuspecting individuals.

Another very important point to you ones who, like Penny, say the following: "...I even question (now) my 'so called' contacts and experiences that I think that I have had in the past with YOU." GOOD! Question always! Does it mean that to question--negates? Because something not fully understood causes a bit of confusion--would you be here if you were in the absolute and total state of KNOWING? No, you would be as me, in the guiding. You see, you ones are the guides in this journey--as Hatonn said on the yesterday--you don't become etheric to be guides unto the lesser in comprehension. That is why the responsibility is, so great. I have my own guides in the form of the Sananda and of course, the Truth projection of our Creator who can only truly EXPRESS by thought and "guides". This IS the experience of manifestation. This, in fact, IS manifestation.

You accurately define me, Penny; I serve as "guide" and if I were in total perfection I would be the Source--I have not yet arrived at that level of total perfection in the voidance of ONENESS. I rather enjoy this role for I have still my experience in which to function before I become within the Creator and begin anew in another experience. You ones are my brothers with whom I have long served and I fully anticipate each new experience in the sharing with you as you grow into higher placement into unification ever moving toward Giving and becoming.

Why would you cling to that which was represented as ME in the I AM expression? Because you

found Truth within self for nothing that you had found prior in searching, was fulfilling. But, If you found total perfection in the I AM group, you would be in proximity and service to that group--not here. You are looking for the ME in the teachings--not the group as such. That means that you will put aside the physical manifestation of MY PRESENCE in the oneness WITH ME. That will not be located in any building, group or "another". How blessed are you, however, when you find the balance of another to walk with you and bear thine children and share journey.

Because you find this, does it mean you will act in perfection and pious "being". No--you will have human attributes for you are expressing in the human format--when you actually have the perfection of a Godly Master--you will experience in that manifestation suitable. It is the ability to discern the difference which is the lesson and measure of growth in readiness for the next experience.

Many times you of the physical will choose and ask in a guide such as myself, or Michael, or Little Eagle, or, or, or--because you, in your human limitations, feel more comfortable with a "lesser" being than the "top banana", or you "don't want to bother" the "top banana". But realize something, precious ones, if you did not feel that way--how could we "lesser" ones serve and win our own merit badges? My job is to cause you to rise above ME in your KNOWING and then we will just be beloved friends--inseparable one from the other and I will have fulfilled my task. You see, as long as man builds a temple unto me--I HAVE FAILED TO BRING TRUTH IN COMPREHENSION UNTO YOU! Of course it is hard in the physical to function other than physical--my next job is to prepare you with Truth and methods so that you who comprehend CAN MAKE THAT

TRANSITION. Many are ready and do not know it. Many are so primitive and new in growth that they will not know Truth from eons of experiences--that is their path--YOURS IS TO LEARN AS QUICKLY AS POSSIBLE THAT YOU MIGHT SHOW THE SEARCHING ONES, THE PROPER PATH. YOU are not the focus--YOU ARE THE CONDUIT IN SPECIFIC PLACEMENT FOR THE OVERALL TASK AT HAND IN THE CLOSING/-OPENING OF CYCLE. THIS CIVILIZATION HAS REACHED THE NEXT DOORWAY AND MUST PASS THROUGH OR GO BACK INTO DARK TIMES AND AWAIT EONS OF SEARCHING TO COME AGAIN TO THIS POINT. I, TOO, AM JUDGED ON MY ACTIONS AND THAT WHICH I CAN CAUSE YOU TO UNDERSTAND--THE FATHER BLOCKS SOME OF YOU FROM INSIGHT--TO ALLOW ME TO GIVE THESE EXACT LESSONS AND SEE THAT WHICH I NEED TO IMPROVE AND ENLARGE OR CAST OFF IN THE LESSONS. If I can get you bird-tribe winged ones into airworthiness and get YOU airborne--there is hope for the rest of the grounded fledglings.

You must understand that I have failed prior to now. My intent is to this time, succeed. If I had succeeded, there would be naught but I AM in the physical experience and you would all be so Godly we could just "kick back" and take a rest break. Esu Immanuel failed--that is why he attempts this time in His reaching for the state of Sananda. Will we succeed this time? God knows--it is not for us who are within the experience to know lest we fail to do our BEST. Our vision from this side is ALL-KNOWING, yes, but that only means that we KNOW how it ends, we are not given many more advantages than that ONE. Each move that we make depends upon the moves that YOU make and in

that, dear ones, is the challenge--we must get you comfortable with us so that you act according to our higher KNOWLEDGE. Who will you cling to? God? Physical? Most ones will snatch their own laundry in from the rain even if it be unworthy! Ponder it.

You concern over the unborn child. What IS--IS. If you remain as teacher for Truth--you will have done that which is expected of self. Worry and "what if" will not bear a shred of anything other than agony. The child is coming for a purpose and you are not given to know that purpose. If it returned to God this day--it is for purpose and you must accept that which IS in glory and appreciation that the Creator knows best and always serves ONLY that which gives you further growth and He will never give that which is heavier than you can bear. YOU have not insight enough in this veiled experience to know total purpose.

In your inquiry, Penny, which asks: "Dare I ask or know how much of you I really received?" You KNOW that one, child, so I shall not embarrass you by response.

You honor me, blessed friends, by being a part of our study and instruction with our other brethren gathered for this great service--well, beloved--no more than I am honored and privileged to again be allowed service with you ones. With all experiences of separation in aspect, we have recognition of our unity and the loneliness is great and the longing often agony in our desire to again be ONE. But THAT is the purpose of our service--that the fragments in experience be allowed insight which can only be made available through the physical outlay from higher source. If there were no higher state to attain--there would be no point in the journey. Salu.

Remember, friends, all that is this

moment is but a temporary thing. I want to say to you again in bringing to your attention this seemingly vital point, that as you give attention to the "Presence", as you give your Life energy back to Life to amplify and pour forth with greater power and intensity, you are giving attention to the Source of all that IS on Earth. When you give your attention to the human appearance world of its creation, you are giving attention to that which has only its limited power of the energy which it has drawn forth for the moment. It has no sustaining power. Therefore, you are not subject to the distress and limitations of the appearance world.

It is so important that you understand this and know that when you withdraw your attention from the appearance world of limitations and discord and give it back to the Presence of Life, the Mighty I AM, where it belongs--then the Presence through the Higher Mental Body will release through your world of action Its Infinite Power, Its Limitless Energy, Its Mighty, Directing Intelligence.

The United States, for instance, is the Chosen Place housing the chosen people--I did not say "race", "creed", "color"--I said people and place. It is from here and through you that the stand will be made and it is most critical that you ones hold unto this very understanding.

Up until this "Understanding" came forth, many of mankind were still living ninety percent of the suggestions of OTHERS about them--you still wish to do so. This is instead of their own selection of world of action, but they did not know better. Therefore, as you come to understand that and take your attention off the "appearance" world and give it back to the "Presence of Life", you will have the Perfection of Life, the Intelligence flowing in and through your body with so much greater volume

body with so much greater volume that you will be astonished at first to see that here, all through the centuries, has your own Life been flowing into your body. Not knowing that IT was the Individualized Focus of God and that you in the physical body are the outpost, you have not had this great Blessing that can and will come to you.

Therefore I say to you, any human being on the face of your earth Shan who is honest and sincere can prove this law to himself, and no one can prove IT wrong. Therefore, you have entered into a very different understanding than ever in your Life. All kinds of understanding have required faith. This does not require faith.

I say to you, friends, the trouble with mankind is in looking outside of themselves for the things that they need, for the adjustment of the conditions, and they will never find it there. *When you want correction of anything, you have to go to the Source of Life in order to have it permanently.* You might apply certain human understanding to yourself and feel temporary results, but you all know in all your strenuous effort for adjustment of conditions and for a greater release into your world of use, you have only had temporary results at most.

There have been a few individuals who have come into embodiment this time with gathered energy that has sustained them almost throughout their Life, but they find all of a sudden that energy is gone, is used up, because they did not know how to replenish it. Now today, in the Understanding of your "Great Presence", mankind needs more than ordinary energy.

The Messengers have proven to the World that They are able to call forth limitless energy; and more than five hundred thousand people see that and know that They do it. Therefore, that privilege is for ev-

ery one of mankind who will give the same earnest attention they have given to the Great Presence of Life, Creator, and let It pour Its Great Power, Intelligence, and Energy in greater volume through the physical form. Our purpose is to make it easier for you to contact that resource and utilize it. This will release through the humblest person a Light Ray to assist a person, place, or condition. But when it is in your own Life activity, your own Life Stream, it must come through your own intellect, your own feeling world, your own brain and body. That is why as you give attention to the Presence of Life you will find that this Stream of "Light" as our own diagrams will show--will intensify, causing the Light within your body to EXPAND, giving you the greatest freedom, the greatest joy, the greatest consciousness that you have touched the mainspring of Life which does release Its Infinite Power into action through your body and at your Call--through the projection of the Light Rays to whatever condition is required.

We have been speaking definitely about YOU individually. Now then, let me expand this Understanding into your city, into your Nation, into the World--because, Beloved Friends of America, understand definitely that mankind is living in the mental and feeling world. The physical body is but the shield or garment which they are wearing. Now when you understand this, that you are mental and feeling beings, then you know that all mankind are mental and feeling beings.

Therefore, as you project through these thoughts, there goes forth like a mighty, pulsating wave through and into the mental and feeling world of mankind; and its far-reaching power is beyond any human concept to understand. Its far-reaching power you cannot comprehend in the outer intellect, but We from the Octave of Light

see and know those vibrations going forth quite as well as you see the effects of your electricity here in the outer world, but with far greater power.

Now, notice the difference. You in the use of your electricity see the effects by your light and by your power. We see cause and effect both in action at the same time through the vibratory action that goes forth in the mental and feeling world of mankind and where We produce so-called "miracles" in the use of the Great Streams of Energy and Light Rays; yet it is all perfectly natural. As you see some of those things take place, which you later will, all of you will see that all that takes place--ever will, or ever has--is just your own Life, the Life of the Universe acting.

You must understand something else about self. You ones are so enjoying your newly relocated "game" that you are at present totally enjoying the projection of the negative aspects. You love disclosing the hidden and uncovering it as a pioneer in challenge. You love the excitement of the confirmations--even if it be in the form of a devastating earthquake or sonic blast. At this point the Mind is telling you to STOP THIS THING UPON YOU while your experience is enjoying every moment of the violence and evil projection--for you anticipate (WHEN YOU ARE READY TO DO SO) that you will simply stop it, turn it around and move into another experience! This is why we can linger and allow your experience in fullness for when the time is critical WE KNOW THAT WE SHALL BE GIVEN EXACTLY THAT WHICH WE NEED TO REVERSE THE PENDULUM. We, therefore, are only intent on facts and TRUTH becoming available so that when the game runs down and man is ready--he has available the tools with which to uplift his experience. Ours is not a mission of interference or force--

ours is to give forth the guidelines and the reminders to remember and to awaken the sleeping masses so that the next expression can come into being.

We have advantage when not bounded by the flesh limitations for I do not need think of self--even to how one of you will receive of Truth. I care not who dislikes that which I bring for it is that One's problem--not mine. I am not bounded by EGO, as are you, which locks me into ME-ness for I already HAVE ALL. I AM ALL! You have not yet remembered that you too, have those things.

Mankind will steadily and surely come into the Understanding. It is so decreed through God projection. We watch the tremendous activities taking place in the mental and feeling world of mankind, producing such effects, changing the feeling world of mankind and hundreds of people who have never touched this Understanding as of yet.

This is what I want you to understand. Then as you contact this WORK, you will understand why your Heart so readily accepts IT, where before--or without that--you would possibly have resisted through the old concepts which are purely human, and would have had some struggle within yourself to comprehend or to believe that these Great Truths were real. Today We find a great mass of people are only too glad to contact something that gives them peace and rest, then the power of achievement that everyone has craved--not only in this lifetime, but if you see the memory of all that has been, you will find you have craved the same thing always, because it is the Power of Life.

Life wants to assert itself, but the human qualification has prevented it doing it. Today you discontinue allowing the human feelings to re-

qualify the energy; then it flows forth naturally in perhaps twenty times greater volume. But when you call with dynamic energy, you increase that to forty or sixty times what the natural flow of Life would be in and through your physical body. You see, it is not the speaking of affirmations and decrees which is the intent--it is the desire for the fulfillment of the affirmation which is important. Then with each repetition, you see, whether within or aloud, the intent is compounded. It has nothing to do with WORDS--it has to do with soul intent and desire. But what often happens with ones coming into contact--they begin to believe it is the repetition of simple phrases and they in fact, mean little. The man without tongue will be heard as quickly as the one who shouts.

You can, therefore, see how much greater, how much more powerful will be the results that you can have--not only that you have sought, but a thousand things, ten thousand things that you never dreamed possible in your Life will begin to find action in a perfectly natural process.

Therefore, in this great encouragement that I endeavor to give, and I do give because I know how to "charge" IT into the mental and feeling world of My listeners everywhere, you will find, beloved friends, a change taking place this very minute in your Life. Please be kind enough to accept it and, in your feeling of acceptance, allow Me to do for you that which I have sought to do for more than two hundred years for the people of America--let us have UNDERSTANDING.

In this acceptance, which has been and remains--my desire to bring Happiness and Freedom. You are a blessed people--a blessed nation and through you the Light can be rekindled, for those in other placements are but YOU in another

place. As you feel the change in your own feeling world and within your own attitude; you will feel that peace and harmony which enables you to hold self-control sufficiently to allow a greater power of Life and ITS great volume to flow forth into your world of action, therefore producing the results you have long sought and wished for.

This is all very practical. But, mankind, I ask you today to watch your feeling world, to watch your thought, to watch your spoken word; for if you speak vicious, discordant words into the atmosphere, you charge your own feeling world with that viciousness and discord and it stays right around your physical body. And one day you will have to reap all that you have sent out. When failure enters into your Life--ill health, and all the conditions that come through that discord--remember there is no person to blame but self. The intelligence within mankind knows better; but the human accumulation impels mankind, and they think that they can put forth all kinds of viciousness and not reap the results. That is a great mistake of mankind through the centuries, and that accounts for the limitations in the World this day; but this is being rapidly dissolved and consumed today as well. It is only that it is not given for you to visualize.

The great mass of mankind believes that God would do all things FOR them without human self-control. Well, they just find that it is not done; otherwise, mankind would be perfect! The fact is that mankind have prayed and prayed throughout the centuries, which is a very wonderful thing; but it has not produced the results they claimed they wanted. Therefore, something is missing. I say to you; the missing link, so to speak, has been your Call to the Great Presence of Life which WE have come to know, and by which WE as higher energy forms--who are

just as REAL as you are, in fact more so--have set ourselves free from all human limitations which you experience.

You are not herein dealing with something hazy or indefinite or a human concept. You are dealing with the Truth of Life in the Words I am speaking unto you, because We have proven by Our Freedom from human limitations, and having made the "Ascension", that We are Beings wholly Free from your limitations of the human octave; yet We can move in Tangible Bodies among you the same as you do, and quite as tangible.

The outer world has not seen this yet, and I say to you that you are going to see it. And to use your expression, "I don't mean 'maybe'." Therefore, beloved ones, the world of mankind is going forth into its new Freedom. I say that with Authority! Only a few years past, there was considerable question in my own Mind regarding whether or not mankind was going to give sufficient response even with all that had been accomplished through individuals, because the need of still more and more was and is so great. I mean by that, I cannot and am not given, to tell even in My unlimited state--just what the human qualities of mankind are going to do until they come to a certain point of the Expansion of the Light within them. Then I can begin to formulate more and more a definite idea of the dependability of that Light; for as you must understand, We have nothing whatever to do with it nor are We concerned with the human qualities. We know that those human qualities are undependable--but when We see the Expansion of the Light within the individual, then We know that Light is dependable. You do not see that from the human sense, but We see it as clearly from the Higher Octaves as you see your physical self.

Therefore, in presenting to you these simple Truths today, you will see how it is easy for you to take hold of and apply them. *We never intrude anything upon anyone, but We offer as a free gift of Love to mankind, this Mighty Truth of Life.* Those who care to, can study and apply it with definite, mechanical results. Therefore, beloved friends, it is for you to choose. We offer it in so great a Love and Kindness, but We would not intrude anything you do not want.

And so, we ask you to choose whether you want to come in and expand this great Law of Life that We know is your absolute freedom in every way, financially and in all ways, or whether you shall go on in your preconceived ideas and live in your limitations. Now that is quite your choice. We will not say to you what you shall do, but We are beings who have set ourselves free by this identical application. Therefore we know it produces exact results according to the intensity with which you apply it, but it won't apply ITSELF. Let me repeat again: ***This Law does not apply itself, and neither is God going to do anything FOR you that you do not make your effort through your Call to the Presence of Life, God, the Source, to do FOR YOURSELF.***

Harken up now: ***I LOVE THE CHRIST MORE THAN ALL OF HUMANITY PUT TOGETHER. BUT WHEN YOU BELIEVE OR ANYONE TELLS YOU THAT "JESUS" IS GOING TO SAVE YOU REGARDLESS OF YOUR OWN CALL OR EFFORT, THEN YOU HAVE MADE A GROSS MISTAKE! Mankind who expect Jesus to save them and who put forth the great viciousness which they do, will find their qualification is more powerful than their Call to "Jesus".***

On the other hand, mankind, behold: ***Beings who are as Perfect as***

Immanuel "Jesus" and the other Great Ones do not come into the atmosphere of people who are in-harmonious. They cannot do it. They will not do it. Therefore, in order to have the blessing of these Great Ones, Immanuel the Christ included, you must harmonize yourself and be humble before these Great Ones. Arrogance closes the door of every human being who expresses it. Therefore, humbleness to the Great Beings of Light and positiveness toward discordant human conditions is the imperative need for all mankind. I say to you, beloved ones, when you understand your Source of Life and realize that your Call to IT is the release and your Freedom even unto your Ascension, then you will see how great a blessing I have brought to you in the simplicity of this understanding.

There is no power in this Universe but the power of Light, and if the Messengers and chelas (students) are "idolatrous" in calling forth the Power of Light, then let us be more so. For I tell you, there is no power that mankind can use but the Power of Light, which contains ALL energy, ALL intelligence, ALL Power of Action!

Therefore in leaving this dissertation I will leave you with a final thought. In calling forth these Mighty Light Rays into your own body, into your world of action by the projection of Light Rays through your Higher Mental Body or by it, then you are complying, you are fulfilling the Great Law of Life in every detail. Once you understand that, you will see how quickly, how readily and naturally you can set yourself free into all that your Heart has desired.

You do not realize how in every intense desire for good and perfection that is acting from within you, ***outside of you is acting an opposing force.*** Let me assure you that you have that same opposing force

with your human body. You have your intellect, which is the action of information gathered from the outer world, and you have your Heart sending forth its vibration, which is the Activity of the Presence of all Life and every one of you knows that sometimes you have had the argument going on from within yourself. That was your intellect and your Heart. And the intellect, having gathered the substance of the outer world, most often overrules the power of the action of the Heart or the intelligence released there, because the Power of Light will not oppose all this or override the human Free Will.

Now understand this: You call in prayer to God and then constantly annul it by discord and viciousness in the feeling. You see how and why you have not had the results from your prayers! Prayer has a certain quality, but it is a supplication. A decree is the acknowledgment of the Power of God acting in YOU--as different as daylight and darkness. To know what you are doing and do it, is the Power of Life and the fulfillment of Its action. To supPLICATE MEANS THAT YOU DO **NOT KNOW WHAT YOUR ARE DOING!**

Therefore I say to you in reminding of a scripture of worthy note: *"Decree a thing and it shall be done unto you; Call unto Me and I will answer you."* **MAY YOU EVER WALK IN LIGHT IN COMMUNION THAT YOUR WAY BE MADE CLEAR. ADONAI.**

I apologize for the long sitting. Know that it is critical indeed that you ones be given this input for the journey is confusing at times and you must learn to hold only to the Light with the tunnel vision set forth by the Laws. In all other manner of experience--be wrapped in freedom. But, if you always utilize the guiding lines drawn upon the mapway--you shall not

err.

REACH OUT AND TOUCH SOMEONE-LIKE GOD! PLEIADES CONNECTION VOL. V

Violinio Germain, & Gyeorgos
Ceres Hatonn/Aton

Germain stresses to us the importance of true meditation and gives excellent "how to" instruction to accomplish it and how to use it to control our lives. It is the most important of all the functions of human life which advances progress.

When you accomplish true meditation you are communicating directly with God for the purpose of knowingly working with Him.

Two tapes are included with this book because written word instructions usually are not sufficient in helping you to accomplish the meditative state.

We are given the TRUE definition of love and prayer (not at all what most of us consider them to be) and the importance of understanding the true definitions so that we can improve our daily lives with this knowledge.

We are told what hypnosis is and best of all how to use self hypnosis for our benefit.

Man on Earth is transitioning into the Cosmic Age and to assist us some knowledge never before given to Earth man is being brought forth through these JOURNALS.

There are many other topics covered to assist us in our journey into the LIGHT.
